

# Allison Traditional Magnet Middle School

Emphasize rigorous academic and behavior expectations  
Foster ethical, responsible and caring students  
Build strong family/school partnerships  
to create...

## FUTURE FOCUSED STUDENTS

Read what each grade is focusing on this year to prepare our  
students for success this year and beyond!

### 6TH GRADE

The 6th grade focus is on 21st Century Skills. Teachers have created lessons on skills such as critical thinking, communication, creativity, collaboration and more to help students be successful both in school and their future careers.

### 7TH GRADE

The 7th grade focus is exploring career opportunities. They do this by exploring their strengths, interests, and learning styles through the Xello platform and identifying career interests based on their findings.

### 8TH GRADE

The 8th grade focus is on college and technical education choices. Through guest speakers, Reality U, and Xello lessons, students explore what postsecondary education will help them achieve their career and life goals.

**All students will be showcasing their future focus to families in the Spring!**
