

AVID Elective 6-12

AVID (Advancement Via Individual Determination) is an academic program that prepares students for college and career by teaching them the skills and characteristics needed to be successful through rigorous content, leadership opportunities, and tutorials.

Who Should Apply?

The AVID student is a student with academic potential:

- Average-to-high test scores
- 2.0-3.5 GPA
- College potential with support
- Desire and determination

The AVID student meets one or more of the following criteria:

- First in family to attend college
- Historically underserved in 4-year colleges (e.g., underrepresented as a racial or ethnic group)
- Low-Income
- Special circumstances (e.g., family structure)

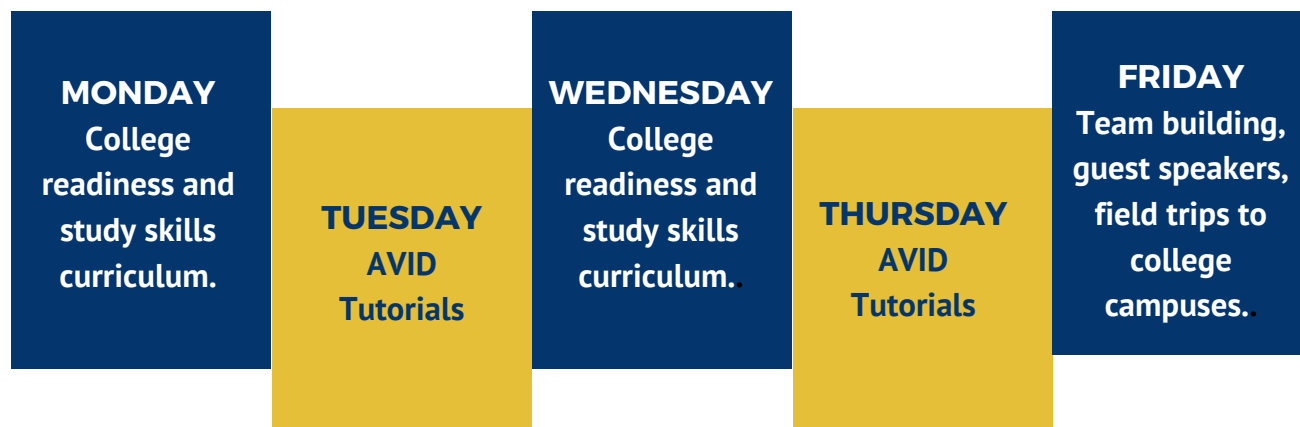

The AVID Elective is...

- For students who have the potential for honors, advanced, Pre-AP and AP work in school but need support paired with rigor.
- Rigor with support that includes each student's own individual determination and the support of teachers, other AVID students, family members, AVID teacher, and college tutors.
- Students maintaining a 2.0 GPA or higher throughout the school year.

The AVID Elective is not...

- An "at-risk" system. It is designed to support students who would otherwise not attend and graduate from a four-year college/university.
- For students who fail to complete any of their homework.
- For students who consistently receive grades of "D" or "F."
- For unmotivated students; they must have individual determination.

Typical Week in the AVID Elective Class

Interested in applying? Next Steps...

Parent/Guardian and student discuss the benefits and requirements of being in an AVID Elective class.

Contact the an AVID Site Coordinator at your student's school.

Complete the online application provided by the AVID Site Coordinator at your student's school.
