

Withdrawal from School and Special Transfers

If you plan to move or withdraw your child from Kensler, please notify the office at least three days ahead of your last day so that transfer records can be completed. Final check out for students transferring or withdrawing from school will be handled through the office. Students attending Kensler on a Special Transfer must have a transfer form on file. Students are accepted based on space available and may stay at Kensler as long as their attendance, behavior, and academic effort remains positive and parents are accessible and supportive of the school.
