**DACA/DREAM ACT/NON-U.S. CITIZENS:**

Searching for scholarships if you are under DACA or are a non-U.S. citizen can be challenging since a lot of scholarships require U.S. citizenship or that you are a permanent resident of the U.S. (i.e., have a Green Card). On the CCC’s scholarship list, scholarships that do not require citizenship are marked with an asterisk: *

Also, here are several scholarship search sites that cater to students that are not US citizens:

Gather This Information Before Beginning a Scholarship Application

• **A transcript** – While completing applications, you may be asked to type in your specific grades since your freshman year and their course levels. Having your transcript nearby will help you fill in this information. Ask for a copy from your counselor or CCC.

• **A resume or activity chart** – This document should include the following:
  
  o A list of school and non-school related clubs and organizations in which you have participated since your freshman year as well as any corresponding leadership positions.
  
  o A list of honors and awards that you received when participating in school, and non school-related clubs and organizations and the level of each award (Local, State, Regional or National) since your freshman year.
  
  o A list of volunteer organizations with which you have served and the number of hours served with each, plus any awards and honors that you have received for your participation since freshman year.

• **Two letters of recommendation** – Many scholarships require you to submit one or two letters of recommendation. Now is the time to identify two adults in your life who can write about how awesome you are. It looks especially good if you have one teacher/counselor/CCC/administrator as well as one person from outside of school. This can be your boss, your volunteer supervisor, your pastor, your coach, etc. It can definitely be two teachers; I just feel it looks good to have multiple perspectives talking about how amazing you are! 😄

• **Family Income** – Some need-based scholarships will ask you to include information about your family’s income. This is to help determine your “need” for certain scholarships.

• **Personal Statements/Essays** – Often times, scholarship applications will as ask you to write about your goals, a leadership experience you have had and/or what has motivated you to pursue a college degree. Why not spend some time NOW typing up about 500 words for each of these potential prompts? You’ll thank yourself later.
