## Fun Facts About STUFF

- Squirrels are behind most power outages in the U.S.
- Spider webs were used as bandages in ancient times.
- Bubble wrap was originally intended to be wallpaper.
- A human could swim through a blue whale's veins.

## A VERY IMPORTANT MESSAGE TO EACH SOUTH HIGH STUDENT FROM A SOUTH HIGH ADMINISTRATOR

I heard the phrase last week - "Simplify to Amplify." I spent time reflecting on that saying and I believe it is telling us our daily actions, which are lots of little events, can pack a big punch! YOU can make a difference in YOUR life! It is important to be clear and focused on our goals so success can be achieved. I challenge each of you to be BRAVE and know that YOU can change because YOU CAN, and this semester is yours to WIN! Let's go Titans and FINISH STRONG! We are excited for the day you return to the hallways and we function in a normal school setting! We miss you all and are very proud of the grit and toughness you have displayed during these days of COVID and remote learning - You are all the HEROES!

Remember, **We are Titan Tough, Titan Proud, and TOGETHER TITAN STRONG**

*Mrs. Cara Ledy, South High School Building Principal*

a smile is the shortest distance  
between two people

### JOKE OF THE DAY

Why don't whales play  
basketball?

Because they're afraid of  
the net!
