FUN FACTS

- Sea otters hold hands when they sleep to keep from drifting apart.
- Cows have best friends.
- Squirrels plant thousands of new trees each year simply by forgetting where they put their acorns.

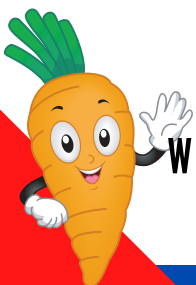

A VERY IMPORTANT MESSAGE TO EACH SOUTH HIGH STUDENT FROM A SOUTH HIGH ADMINISTRATOR

Morgan Freeman, often described as having a calm demeanor and a very distinctive voice, once said "The best way to guarantee a loss is to quit." This year has been particularly hard for many of us to continue to push through the frustrations, the changes, the obstacles. Perseverance and continued work is TOUGH. Standing up after falling down, over and over, can makes most of us feel like giving up. Focus on the end result. What do you want to accomplish? What is important to you now, and will that benefit you in the future? I urge you to power through, Titans! Push yourself beyond what you believe you are capable of. You can do this.

Fight through the temptation to sleep in late, to skip class, to ignore that assignment. DON'T QUIT! You can do this!

Mrs. Kim Baldwin, Ed.S.Assistant Principal S-Z

JOKE OF THE DAY

What do you call a sea otter with a carrot in each ear?
Anything you want, she can't hear you.
