

BUSINESS LAW

This class will help the individual identify between a Criminal Court Case and a Civil Court Case. We will take a look at the differences in punishments of each and requirements of each. After understanding the differences of the different Court Cases, you will begin learning about the importance of Contract Law and how some contracts are Valid and some are Voidable. From there you will learn about Personal Property and what rights an individual has for Renting/Owning a Place to Live. Ending the semester with Family Law and how a marriage begins and ends, as well as what are grounds for divorce.
