

...Student Groups

Delta groups

We have a boy and a girls group (roughly 10 students each). This group meets once a week for about 20 minutes to go over students grades and attendance (accountability), we will offer this to a new group of students second semester.

On Track Initiative

The program is focused on students with 10.99 credits or below and or students who have 1.99 GPA or lower. We meet with these students and go over their transcript, grades, and attendance, if they are in need of credits we then discuss options (credit recovery, learning center, etc.) with the student.
