

Kindergarten to 5th Grade

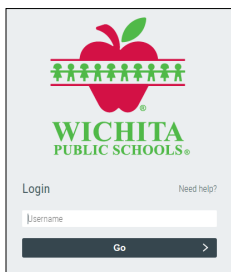

Family Information for Online Learning Access

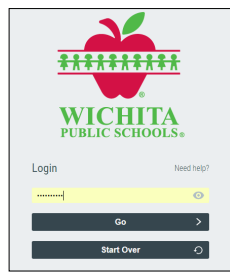

Dear Parent/Guardian,

Wichita Public Schools is committed to the safety of your students. Therefore, should the need to arrive for students to participate in remote learning, the following information will enable students access to curriculum content online. Students can get to their Rapid ID using the URL below.

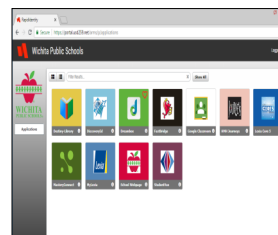

<https://portal.usd259.net>

Your child's login is his/her six digit student ID. If your child does not have this memorized, you can get it from your child's teacher or ParentVUE.

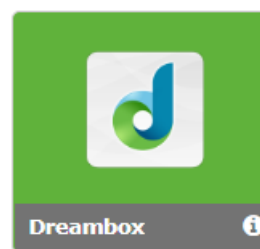

Your child's password is his/her birthdate—two digits for the month, two digits for the day. (i.e. January 25 would be 0125)

Choose the desired icon to access content!

Lexia Core5 Reading is an online program - there's no software to download! All you need is a high-speed internet connection. It is important that your child works without any help while using Core5. All of the work your child does at home is recorded and reported to school. This way, teachers can see when help is needed and provide additional instruction at school.

DreamBox Learning is an online program - there's no software to download! All you need is a high-speed internet connection.

If you are using an iPad, please see the page for iPad use and directions.

Sincerely,

Wichita Public Schools
