

Dear parents, guardians and students,

This year ELO (Extended Learning Opportunity) will be online using Google Classrooms. The codes for these classes, so your student can join and get their assignments and raise their grade to a D, are listed below. Your student can only qualify if they have a 50-59% in a core class that has been listed below. The dates are May 26-29, June 1-4, and June 8&9 from 8-11:30. Your student can work on it anytime, but teachers are only available during these times for help. I have attached the pamphlet with more information. You can email me at [kharpenu@usd259](mailto:kharpenu@usd259) for questions or call the school at 973-3600.

Thank You,  
Kathleen Harpenau
