

Welcome to 3rd Grade

Mrs. Jamie, Ms. Schroeder, and Mrs. Jordan

The relationships we have with the parents of our students is very important to us. We are partners in your child's education.

Together, we will make this a wonderful year!

Homework

We have high expectations for our students. It's our goal to make sure they are prepared for 4th grade. Here are some things that students should do at home to help with this:

- * read at least 20 min. each weeknight
- * practice basic math facts until they are mastered (+, -, x)
- * practice sight words

Class Dojo

We will be using the class management tool called Class Dojo. It is a web-based program that allows teachers to track students' behavior. Students are awarded points for following directions, being on task, or teamwork. We will send an email with a code so that you can connect to your child's class and see how your child is doing. Every two weeks, the students can "cash in" their points for various prizes or coupons.

Bingo Rewards

We will play a "Bingo" game as a class in order to earn whole group rewards. If students are following the school's common area rules, they will earn bingo pieces. Once they have earned a "bingo", we will celebrate together. The students will vote on the activity they want to earn at the beginning of each month.
