

TRANSPORTATION PROCEDURES FOR COVID-19

- Masks are required for all student riders and bus monitors.
- Bus drivers will be required to wear masks when interacting with students and others. However, drivers may remove their masks while driving if their visibility is compromised by the mask.

- Students will be spread out as much as possible. Social distancing will not be possible on most buses.
- Seating charts will be used for grades K-8 and are highly encouraged for high school. Students from the same household will sit together.
- Buses will load back to front and unload front to back to avoid students walking past each other.

- High touch surfaces will be disinfected frequently.
- Monthly deep disinfecting with Zoono Z71. One application of this product is proven 99% effective against COVID-19 for 30 days.
- Windows will be open to promote air circulation (weather permitting).

Revised 8/20/2020

Procedures are subject to change as warranted by the status of COVID-19 in our schools and community.
