## Special Education Licensure-Only Track

The University of Saint Mary **Special Education Licensure-Only Track** is the perfect option to prepare you for teaching a classroom designated cross-categorical, multi-categorical, or adaptive.

Our **eight licensure-only courses** are focused on TODAY'S classroom—meaning you'll dive into development and implementation of IEPs, assessment, creating transition plans, and integrating technology.

Must have a master's degree to start the licensure-only track.
