Papoose we've entered Big Chief
As warriors we leave of the world

Great Big World Now a scene

to valley!

Great Big World from dream!

Made it!

we are just beginning!

Not an end, but a beginning

Made it!

Same Here - Made it!

Time will tell!

Just like school - Just made it!

Now I wish I hadn't come. I'm dizzy.

Finally made it

Now a future!

It's Beauty remains for all to see, and also in our hearts

This is the beginning

Climb every mountain, Ford every stream
Talked every morning. Tell you how you dream.

This ladder is only the beginning of life which
if climbed in a rightous way descends unto your dreams.

The End

If I made it through, you can

I can hardly believe I'm through. Happy for me

at last!!

Memories!
