THE BUDGET DEPARTMENT

Wildly Important Goal: Align the District’s financial resources to support student success

The Budget Department works diligently to support student success by aligning and measuring the financial resources that are allocated district wide. We support a wide variety of tasks around the budget cycle, and are prepared to help you make informed and wise decisions about your program or school budget. We utilize data driven decision making to encourage smart and equitable spending. While we spend a majority of our time building, monitoring, and forecasting the District’s budget, our office is here to support your financial service needs.

OUR SUPPORT

Feel free to contact me at any time for items of this nature:

- FTE Requests/Changes
- Vacant Position Information
- Budget Change/Increase/Reduction Requests
- Determining Appropriate Funding
- Budget Tracker and PPA Support
- Planning for subs/tutors/additional programs
- Financial Reporting & Information Requests
- Data Analytics

Our team has over 60 years of experience in Wichita Public Schools, and we are ready to answer any question you have that may relate to finances.

ABOUT ME

My journey with the District began in the Payroll department in 2017. In May of 2019 I graduated from Wichita State University with my Bachelor’s degree of Business Administration majoring in Finance. Along with graduating that May, I also transferred to Budgeting to begin my newest chapter with the District. I’ve lived in Wichita my entire life and am excited that I get the opportunity to make a difference in my hometown.
