## Executive Reports

- **Principal's Report- Cindy Graves**

Thank you to families, parents, staff that are showing understanding and giving grace during these difficult times.

Conferences are this week after needing to cancel last week. We appreciate flexibility in this. The conferences have pivoted to virtual. Book Fair is still happening thanks to Ray and Amy Hall. The students are excited.

Thank you for getting luncheon set up for tomorrow.

There was a potential of having to shut down due to Covid. We have not had to shut down, but unfortunately, we have had at least one unfilled position for a few weeks now. We have been having teachers covering Specials and Para support pulled.

Rainforest Rescue is on February 24<sup>th</sup>. Students will be creating a rainforest animal and will submit a research paper over their animal. They may also come to school in a face-painting of their animal on the day of the event.

- **Presidents Report- Lindsay Miller**

We are still waiting on a few orders from the tshirt/sweatshirt sale. We got several orders out last week. We gave the opportunity to order online as well as in person/ to the school. In looking ahead to next year we will probably want to only offer online or in person to help out with some of the logistics.

- **Treasurer's Report- Sarah Leonard**

Chipotle 270.47. About 500 going into account tomorrow fso about 5000 in checking and 3000 in savings. Sarah will be letting teachers know to spend allocations by April. We still will need to pay tshirt invoice
