Parent calendar came home in yellow folders. It was great to have events to put on a calendar. We have all scheduled events for the rest of the year on the calendar.

Our focus has been on social/emotional Kansas BOE member came and presented us with a challenge award. We are top 100 schools for showing growth even with at risk odds. We received this award last in 2017. The award was presented to the students at their lunch because they are the ones who did the work.

Cindy presented quadrant sorts and how the teachers use reports to guide instruction and intervention.

- BOE Member, Hazel Stabler

Hazel has a twenty year gap between kids and has been given the opportunity to serve in different roles. She believes there is a disconnect between parents and students. She has been to McLean once this year before but plans to get into all of her buildings a minimum of 2 or 3 times a year. Being a BOE member is more than just a part time job and she wants to truly dedicate time to her schools. Hazel wants to be a voice for schools and parents. She is willing to share her phone number and email. She is very willing to come back we just need to invite her.
