

# Meal Payment Policy

In order to serve you efficiently, Nutrition Services uses a computerized point of sale program where each student has an account. The following apply to full and reduced price student accounts:

- **Funds may be paid into the account at any time.**
  - You may pay in the school office or go to [mypaymentsplus.com](http://mypaymentsplus.com); if you have not used this service before you will need your child/ren's student ID number to set up an account.
- **In order to purchase 'Just Milk' students must have cash on hand or a POSITIVE BALANCE of, at least, 50 cents. (This INCLUDES free/reduced accounts.)**
- **School clerks will notify you when the account balance is low.**
  - Parentlink and paper notes will be sent home if your child has a low or negative balance.
- **If an account drops to zero and no funds are received, Nutrition Services will extend meal service for up to three days giving the family time to bring in funds.**
  - After three days of no funds being deposited into the account, the student will be required to pay for the meal prior to being served.
  - If payment has not been made a substitute meal will be provided.
  - Families will be required to pay for the three days of extended meal service.

If you have any questions, call the school office at 973-9995 or Nutrition Services at 973-2160.
