

SAEBRS Dashboard

To access the SAEBRS Dashboard, navigate to: **Levelled Dashboards > Assessment Link > SAEBRS Button**

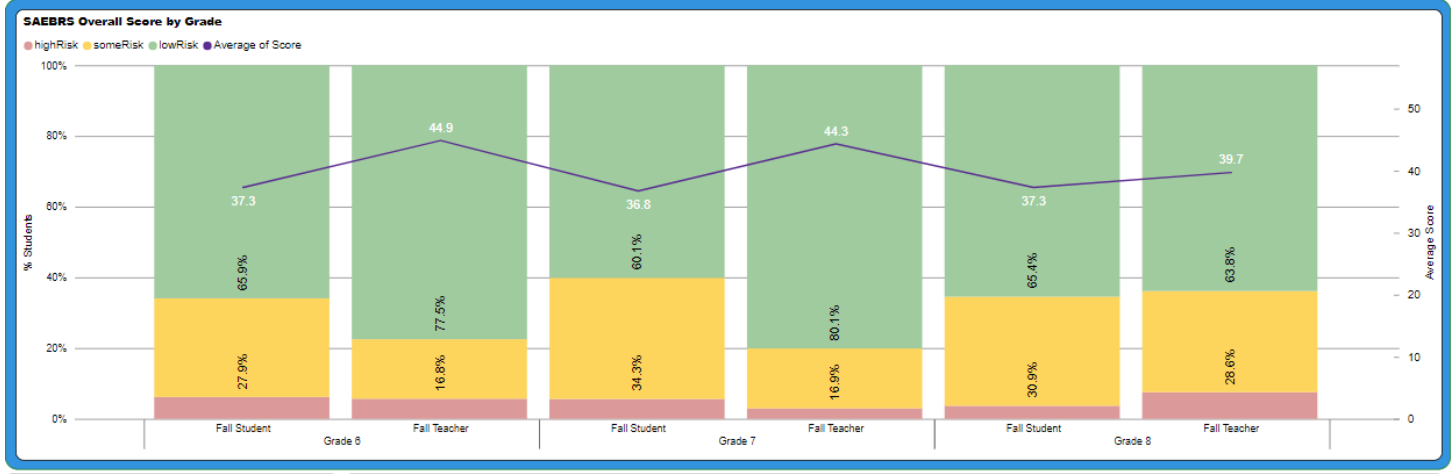

- The SAEBRS information on this Dashboard is for the Current Year only.
- Filters along the left side will allow the user to narrow down their search to a specific area.
 - To Reset Filters: Click on the Yellow refresh symbol in the left side “Filters” box.
 - To Change Filters: Click on the purple icon in the left side “Filters” box.
- Tabs at the top of the page allow users to navigate between; Overall, Academic, Emotional and Social.
- The “Benchmarks” link at the top of the screen breaks down the SAEBRS and mySAEBRS Benchmarks.
- This page is broken up into three sections
 - SAEBRS Academic Score by Grade – shows percentage and avg score of those students who were screened.
 - A Pie Chart that shows the Demographics
 - Student List with Individual Scores. (Student ID’s Names and Schools have been blocked out in this visual.)

Current Year SAEBRS (Social, Academic, and Emotional Behavior Risk Screener)

Shows only active students

- Overall
- Academic
- Emotional
- Social

- **The SAEBRS Academic Score by Grade:**

- The percentage on the left is the percentage of students that tested and fell in each category of high risk, some risk, lowRisk.
- Numbers on the right give the Average Score as outlined by the blue line (Average Score)
- The number just above the line shows an increase, the number below shows a decrease in Average Score.

- **The Student List with Individual Scores** shows the Student ID, Student Name, School and Grade (blocked out in this example) along with Teacher/Student SAEBRS Scores for the Fall, Winter and Spring.
- A Student will be flagged in Red if the SAEBERS score within either the Teacher or Student has a benchmark score that is either Some Risk (yellow) or High Risk (Red). This will also change the SAEBRS Check to Red and Note that field with a “Yes.” If the score in the Fall was flagged, yet the score in the Winter or Spring was above the threshold, then the SAEBRS Flag will be removed and the SAEBRS Check will revert to “No”. (If a student was flagged due to a low benchmark in the Fall, but the winter benchmark is above, then the SAEBERS Check column will change to No.)
