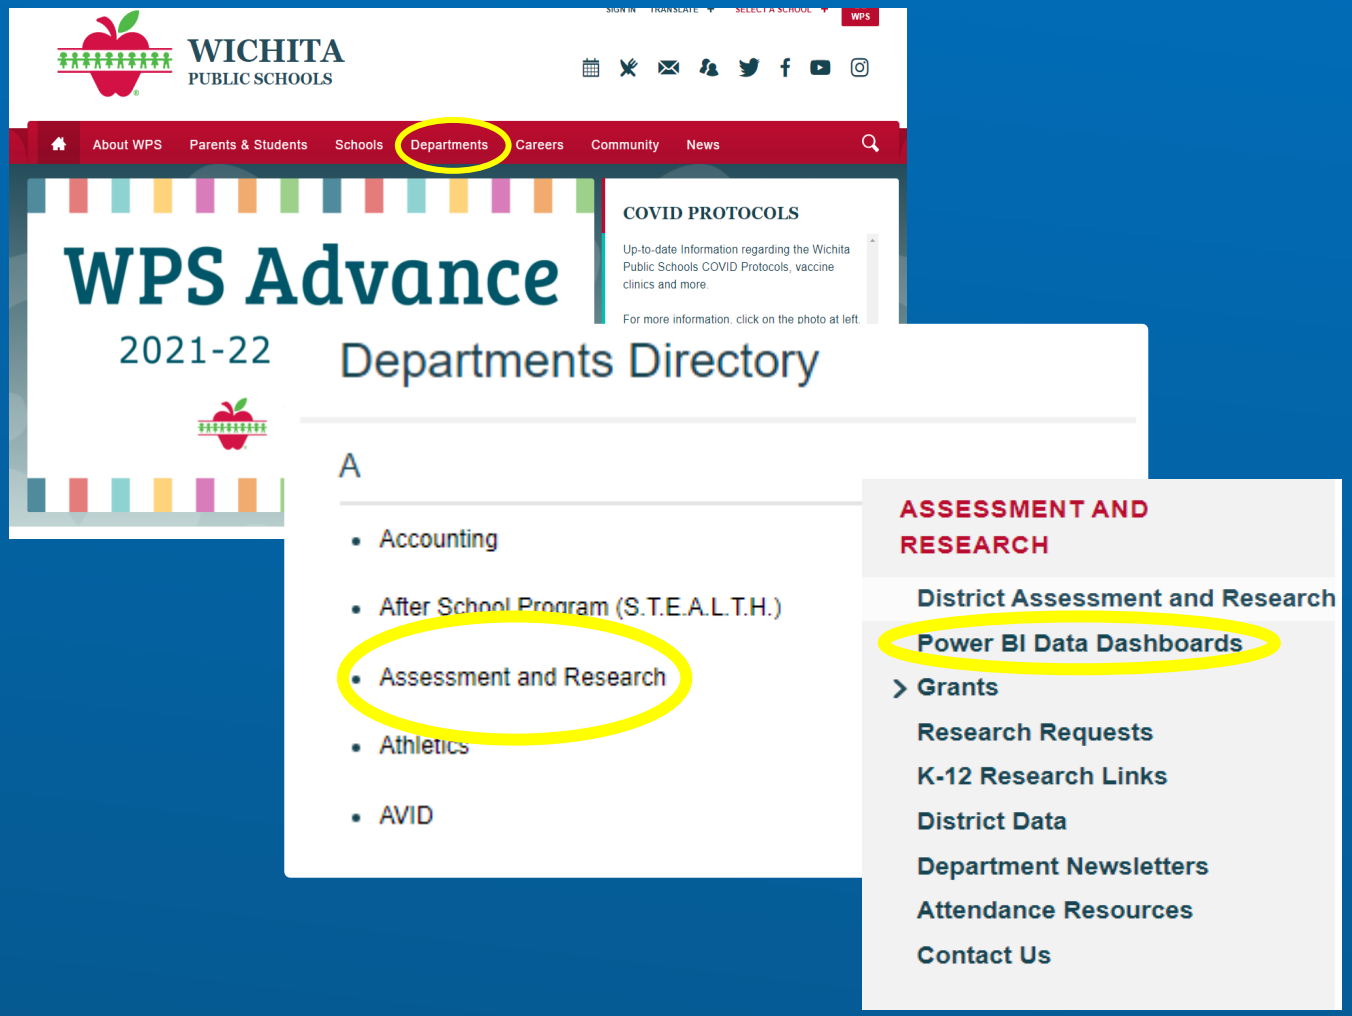
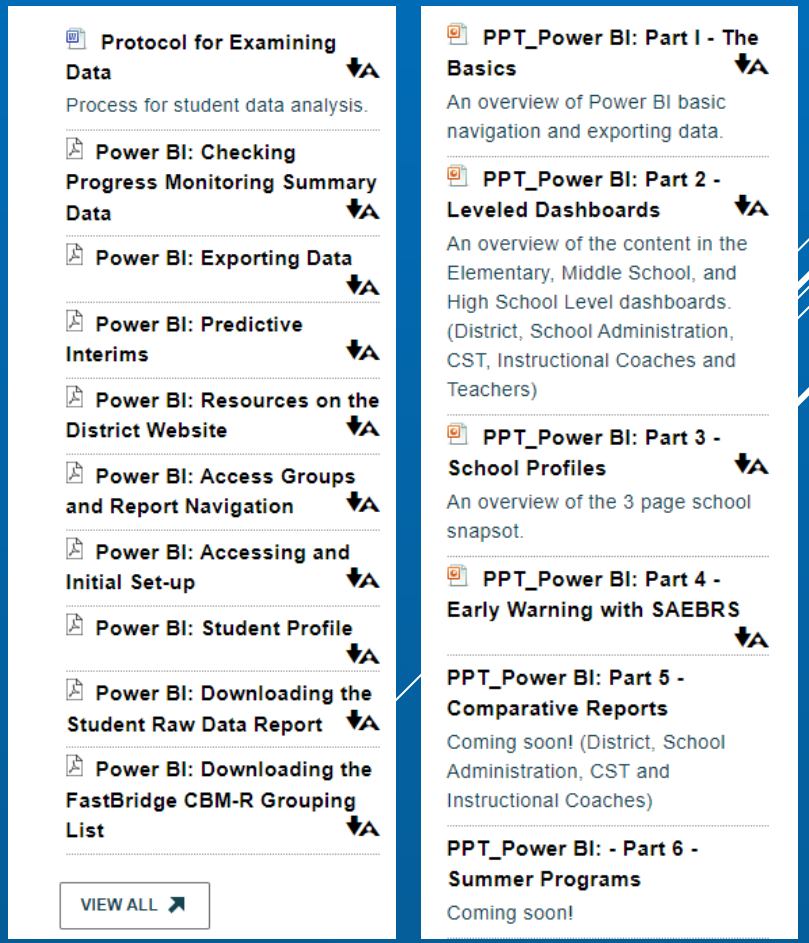
WPS Data Dashboards

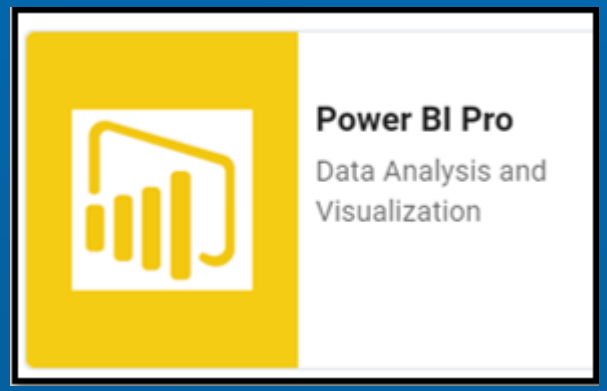
Wichita Public Schools
Clerical In-service
April 18, 2022

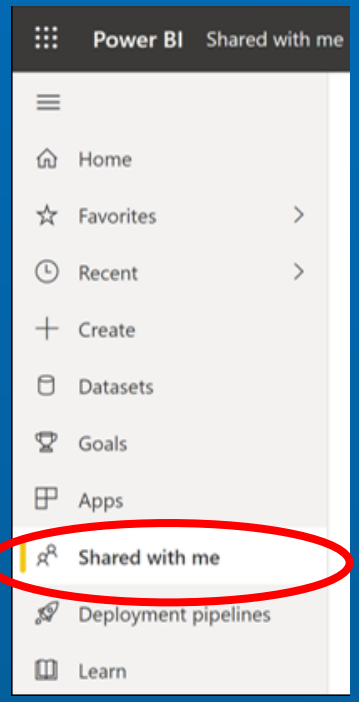
Help Guides & Powerpoints Can Be Found On The WPS Portal.





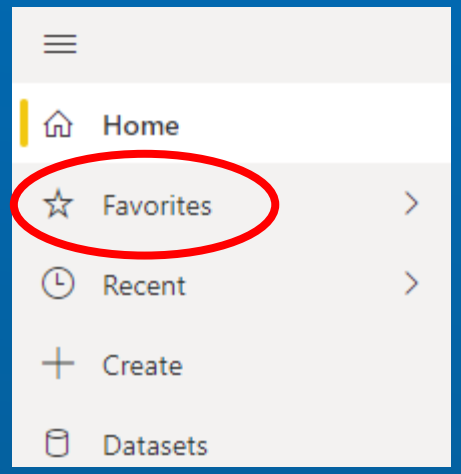
Accessing Power BI Using the Rapid Identity Portal & Setting Up a Power BI Favorite





Scroll to the bottom of the shared with me options and then click on the star to make it a Power BI Favorite.

Accessing Power BI through the Newly Created Favorite



Users can now click on Favorites in the Power BI Menu on the left and select WPS Dashboards. This will allow users to click on the WPS Dashboards which will take users to the main landing page.

Permissions Based on School Level and Access Level

The Landing Page serves as your main navigation point into Power BI.

Permissions

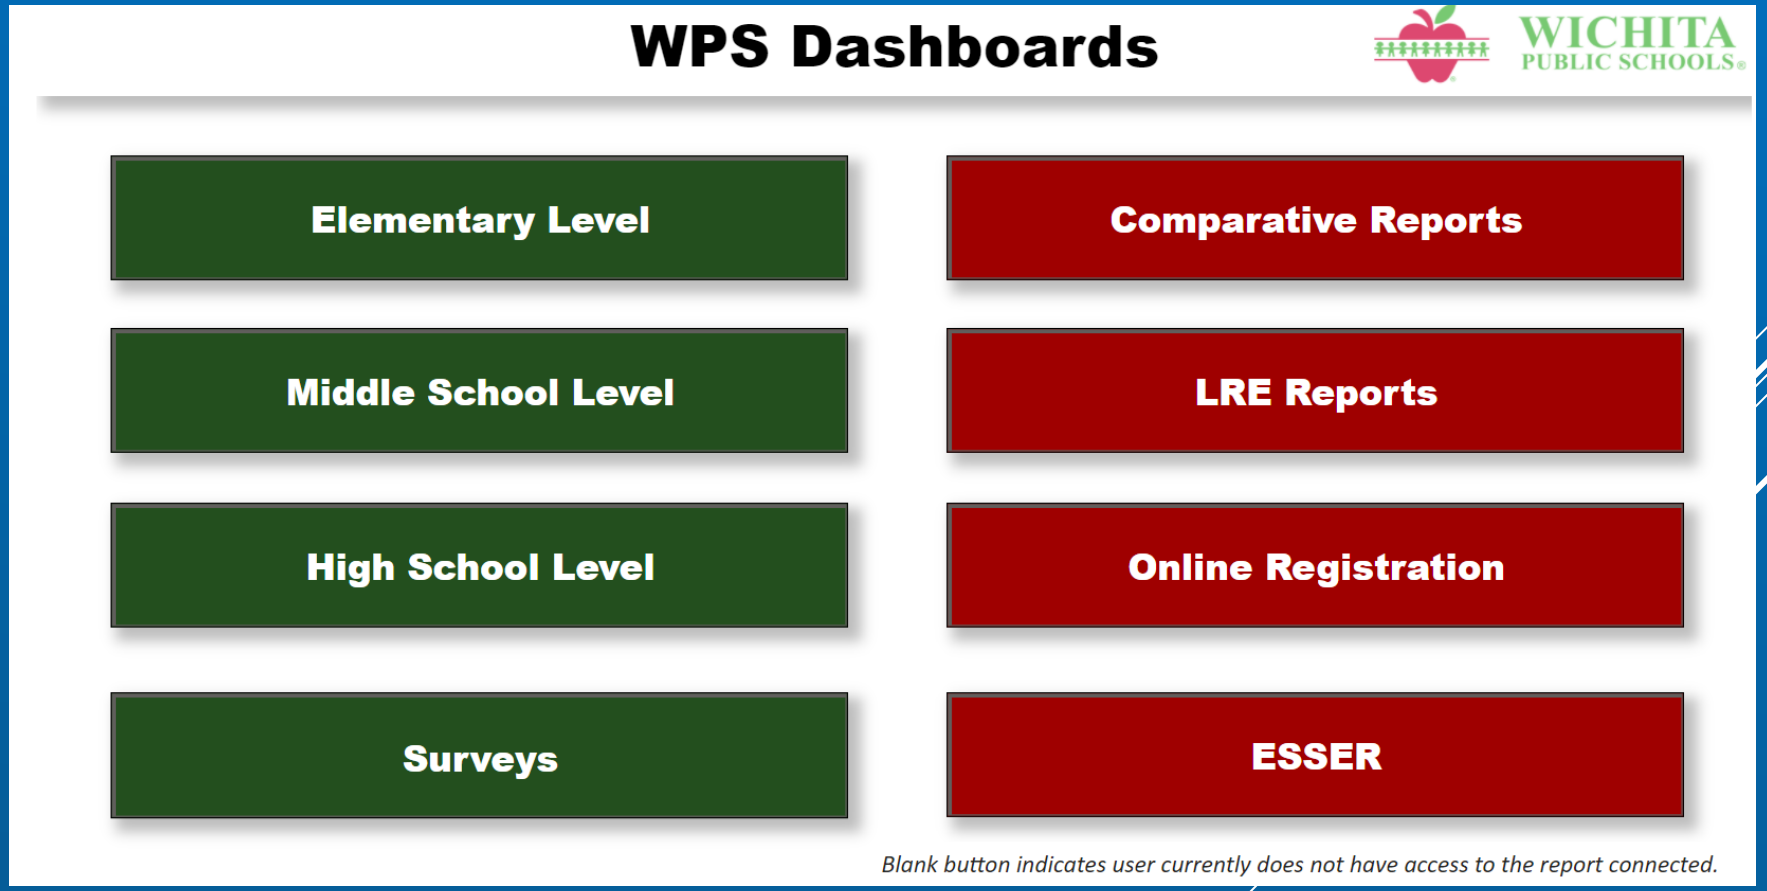
Clerical Staff - Green Level Buttons and Comparative Reports (Can view only their School's Data.)

Teachers – Green Buttons. (Can view only their School/Class.)

SPED Teachers, ESOL Teachers and Intervention Teachers – Green Buttons. Can view all students.

Coaches – Can view all classes. Has access to Green Buttons and Comparative Reports button.

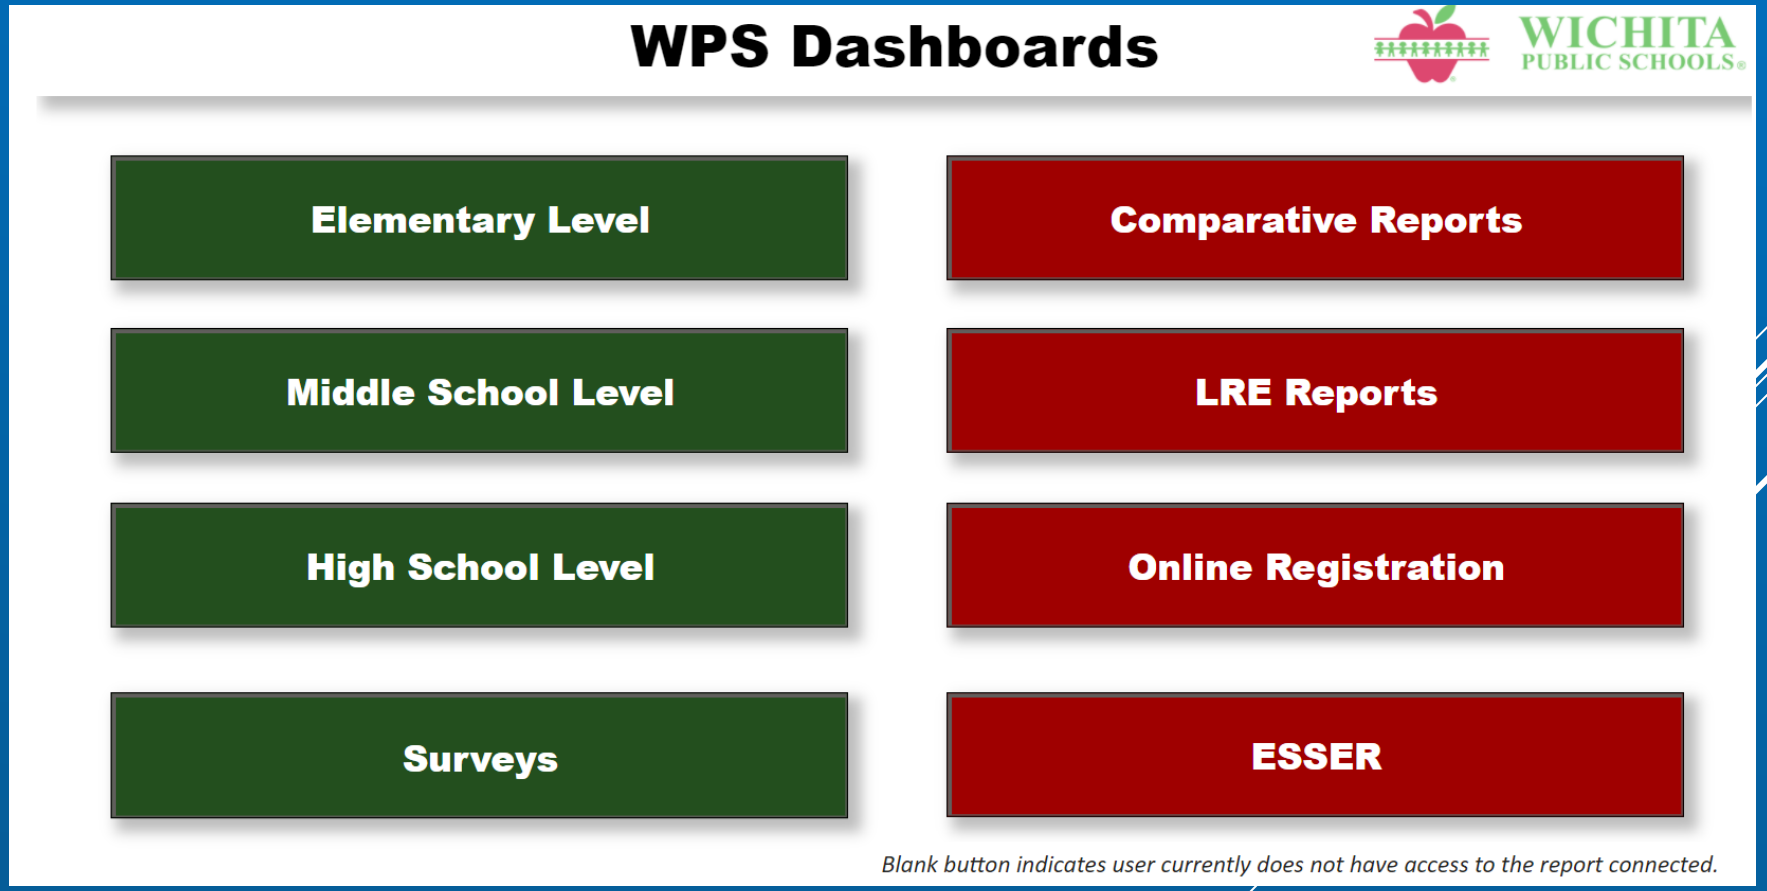
Administrators – Has access to Green and Red Buttons.



Accessing the WPS main dashboard through the leveled dashboard

To access the main page in Power BI, select the appropriate school level from the menu choices available;

- Elementary School Level
- Middle School Level
- High School Level
- (K-8 Schools will need to navigate between Elementary and Middle.)



Once the school level is selected the main screen for the selected level will be displayed.

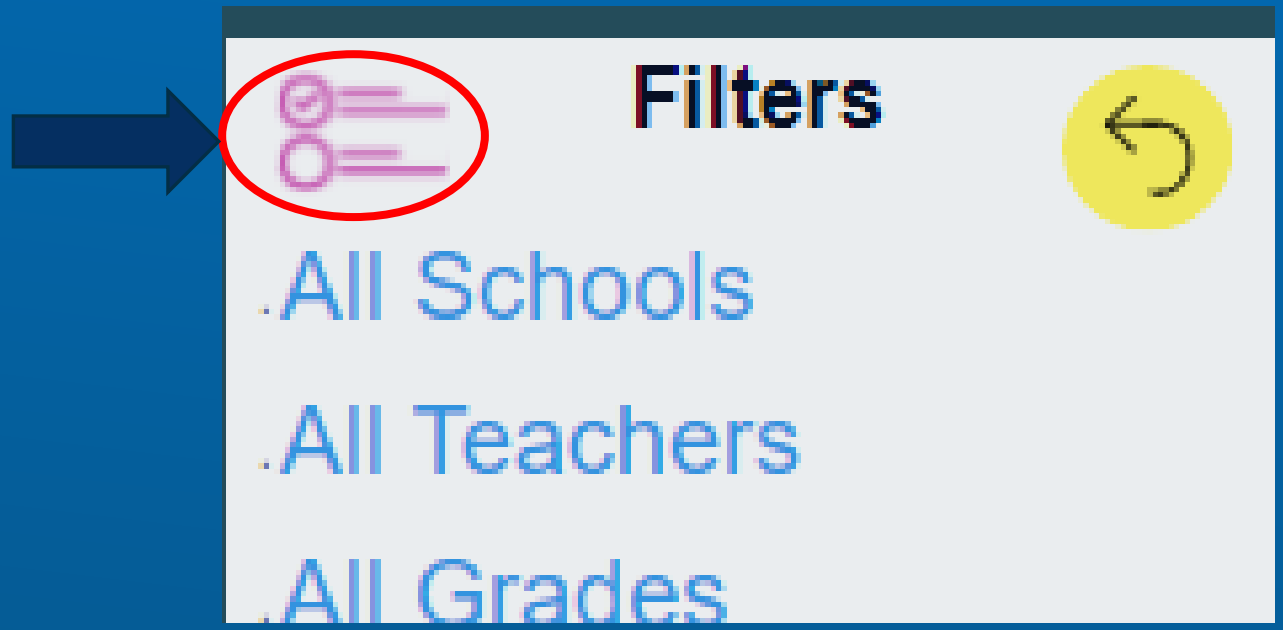
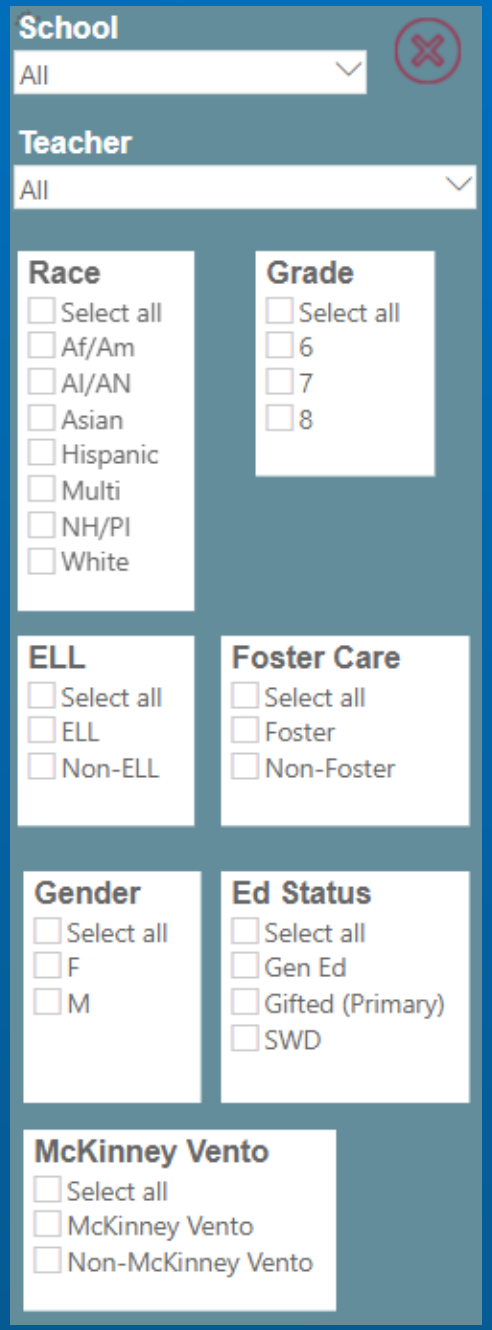
Accessing and Applying Filters

To apply filters to the data sets on the main screen, click on the pink filter icon. Clicking on this icon will expand the filter options. (See next slide for visual.)





Filter Options & Permissions

- School Filter: Only available to those who have district wide access, allows users to pick a specific building or multiple buildings.
- Teacher Filter: Allows those with building wide or district wide access to narrow down to a specific teacher. Teachers will be defaulted to their class only.
- Race, Grade, ELL, Foster Care, Gender, Ed Status and McKinney Vento filters will narrow the search criteria to those filters when applied.
- To select multiple values in a single filter, hold down the Ctrl key and select filters.
- To close the filter menu, click on the X in the upper right corner of the filter menu.

Filters - Continued

- **When the filter options are closed, all currently applied filters will be shown in the upper portion of the windowpane.**
- **To reset filters back to default, click on the yellow Reset Arrow icon or open the filters pane again to remove or apply new filter options**

- The WPS Main Page is made up of several charts and data sets.
- The Early Warning Student Data dataset is the large dataset displayed in the middle.
- The Demographics Pie Chart is in the lower left.
- The Discipline at School of Incident Active & Inactive Students is in the bottom center.
- The Key Data Points dataset is in the lower right.

- **Beneath this is the Criteria for an Intervention Check and the Ell Status Explanation**
- **Clicking on the X in the upper right of this table will close this window.**

MIDDLE SCHOOL

Column Descriptions

Latest SAEBRS Columns:	most recent score for that student this school year
YTD Absent Days:	days absent while enrolled in USD 259, year-to-date
ELA and Math SRG:	average of the most recent score for all standards year-to-date; Standards Referenced Grading
YTD T/EO:	tardies and early outs while enrolled in USD 259, year-to-date
aMath and aReading:	most recent score for that student this school year
ADA:	average daily attendance
Chronic % and Chronic Count:	chronic absenteeism (absent >= 10% of time)
Core Course F Grades:	count of overall F grades in core courses for current grading period

Criteria for an Intervention Check

At least one of the following:

- F grade in a core course *(GPA column)*
- Chronic Absenteeism *(YTD Absences column)*
- ISS Days: 4+ *(ISS Days column)*
- OSS Days: 3+ *(OSS Days column)*
- Teacher SAEBRS: < 37 *(SAEBRS Teacher column)*
- Student SAEBRS: < 35 *(SAEBRS Student column)*

(font turns red in column if student meets criteria)

ELL Status Explanation

Students are given an ELL Status if they meet one of the following:

- ESOL
- ESOL Not Receiving Service
- ESOL Transition
- ESOL Newcomer
- ESOL Newcomer/Not Exempt
- ESOL Special Services
- Pre-K ESOL
- Waiver/Withdrawal

- Double clicking on a single student line within the EWSD dataset will gray out all other students.
- This will also change the other data sets on the main page to reflect the student's individual data.
- To unselect this student, double click on the same line/row in the table or double click on a different student to view that student's individual data.

The example below has one student selected. The other tables under the Early Warning Student Data (EWSD) table now reflects the student's individual data.

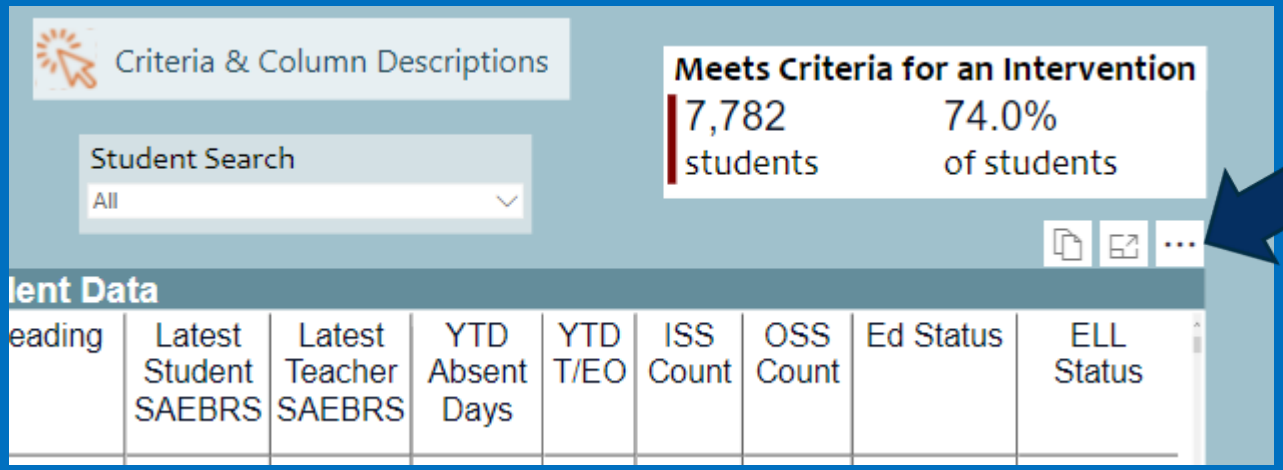
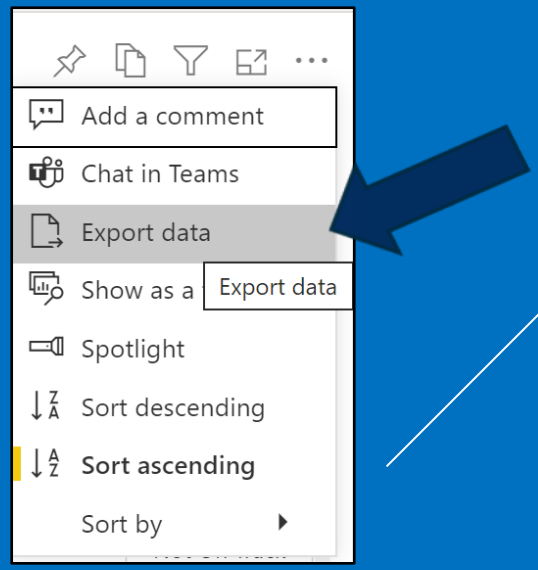
To clear this student, click on the little eraser icon in the student search bar or search for a new student.

Exporting Data from the Early Warning Student Data Table

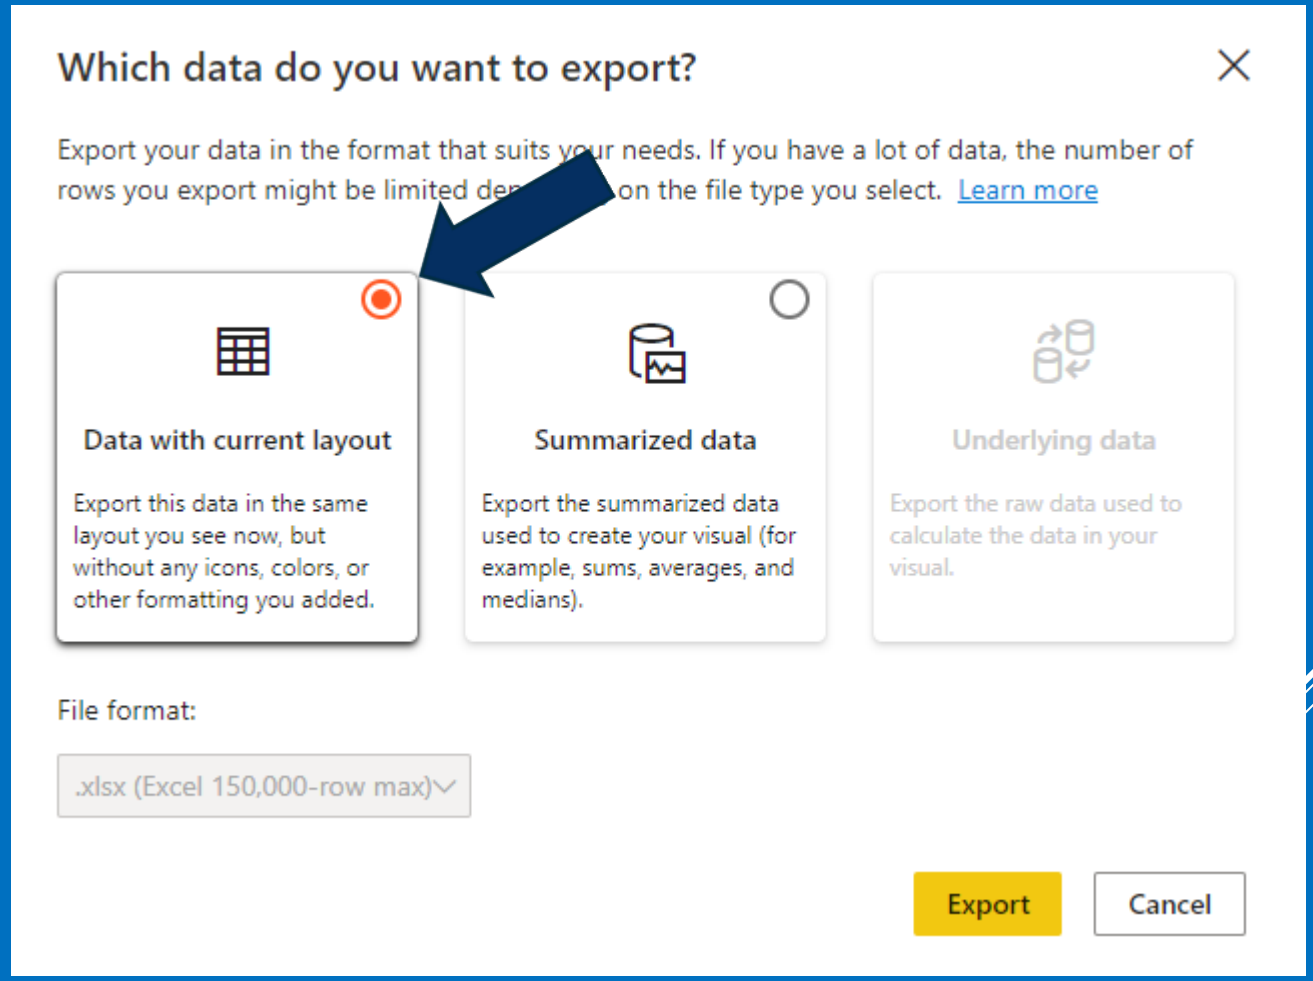
- Clicking on the ellipsis in the upper right of the dataset and selecting Export will allow users to export the data into Excel.
- Users may need to hover over this area to get the gray scale menu to display.
- Tip – to hold the menu in place, click on the scroll bar directly under it.

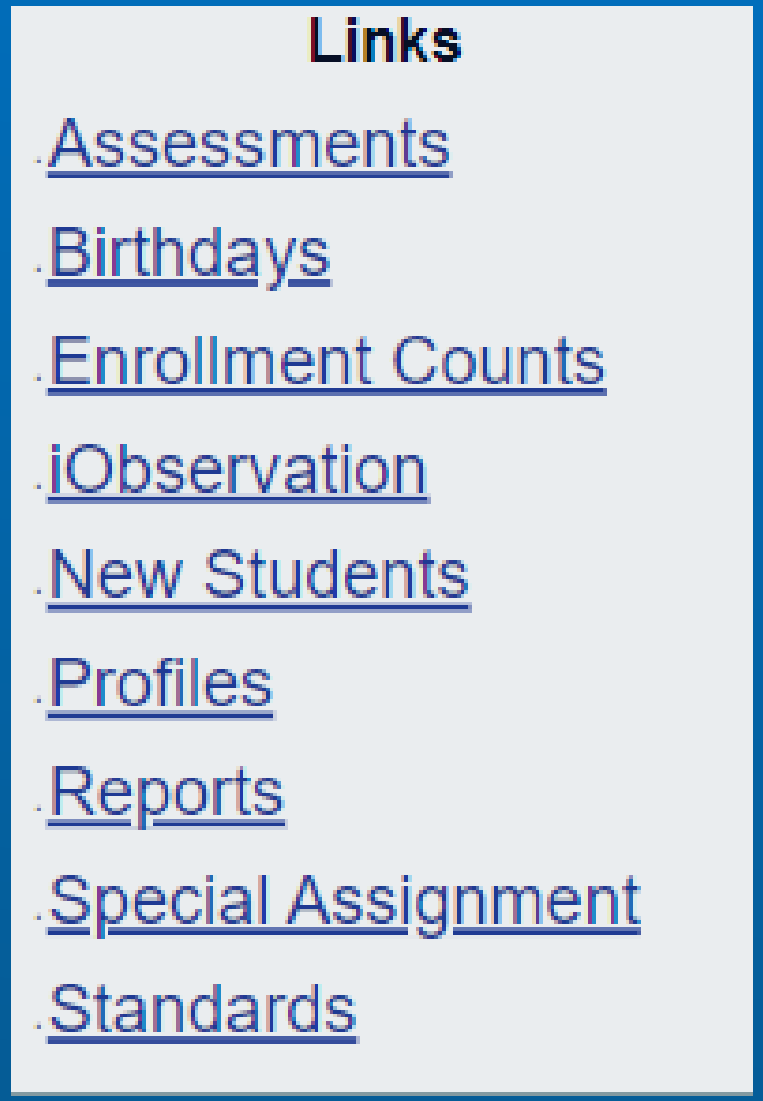




Choosing the Export Option

- Choose the Export option of “Data with Current Layout.”
- Then click on the yellow Export Button Below.
- Once you click the yellow export button the file will export into excel.
- Look for a popup in the upper right or lower left of the screen. Click to open the document into Excel.

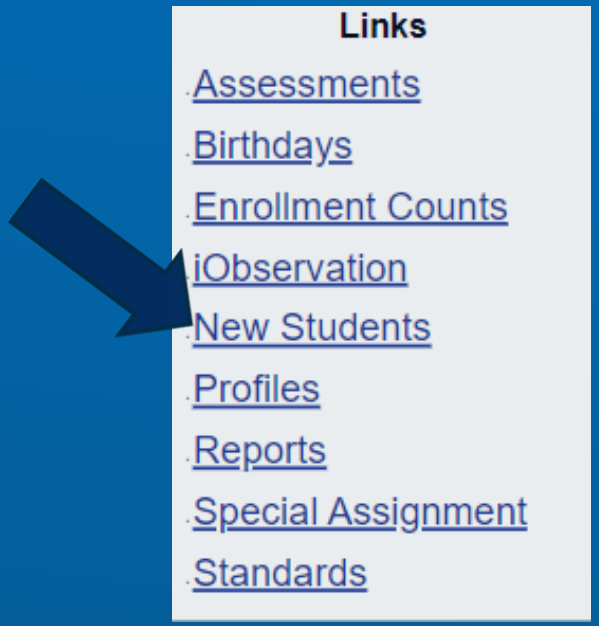


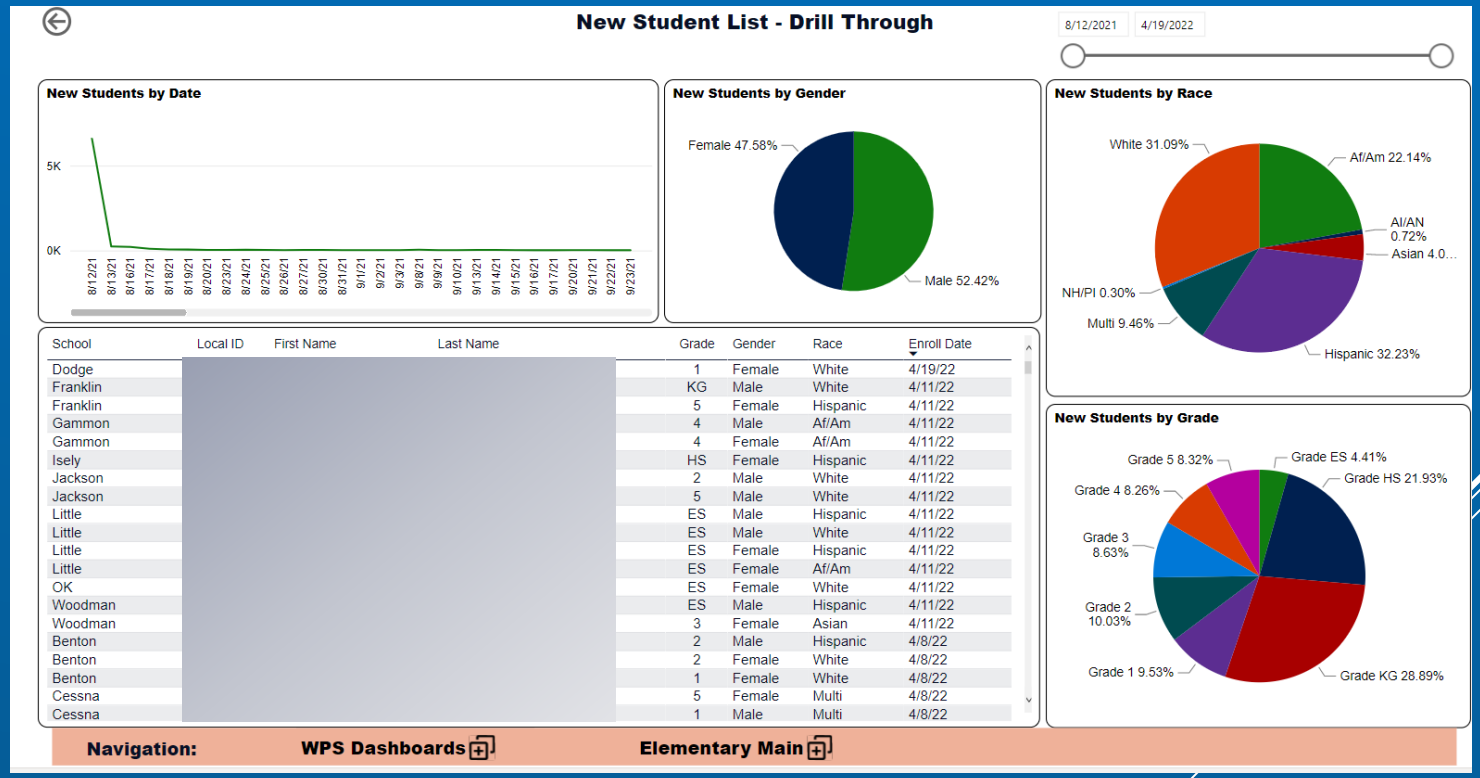


LINKS

- The links on the main page will take users to different types of data within Power BI.
- The links that will be covered are Birthdays, Enrollment Counts, New Student, Profiles and Reports.

Clicking on the New Students link will take users to the New Students List – Drill Through dashboard page.

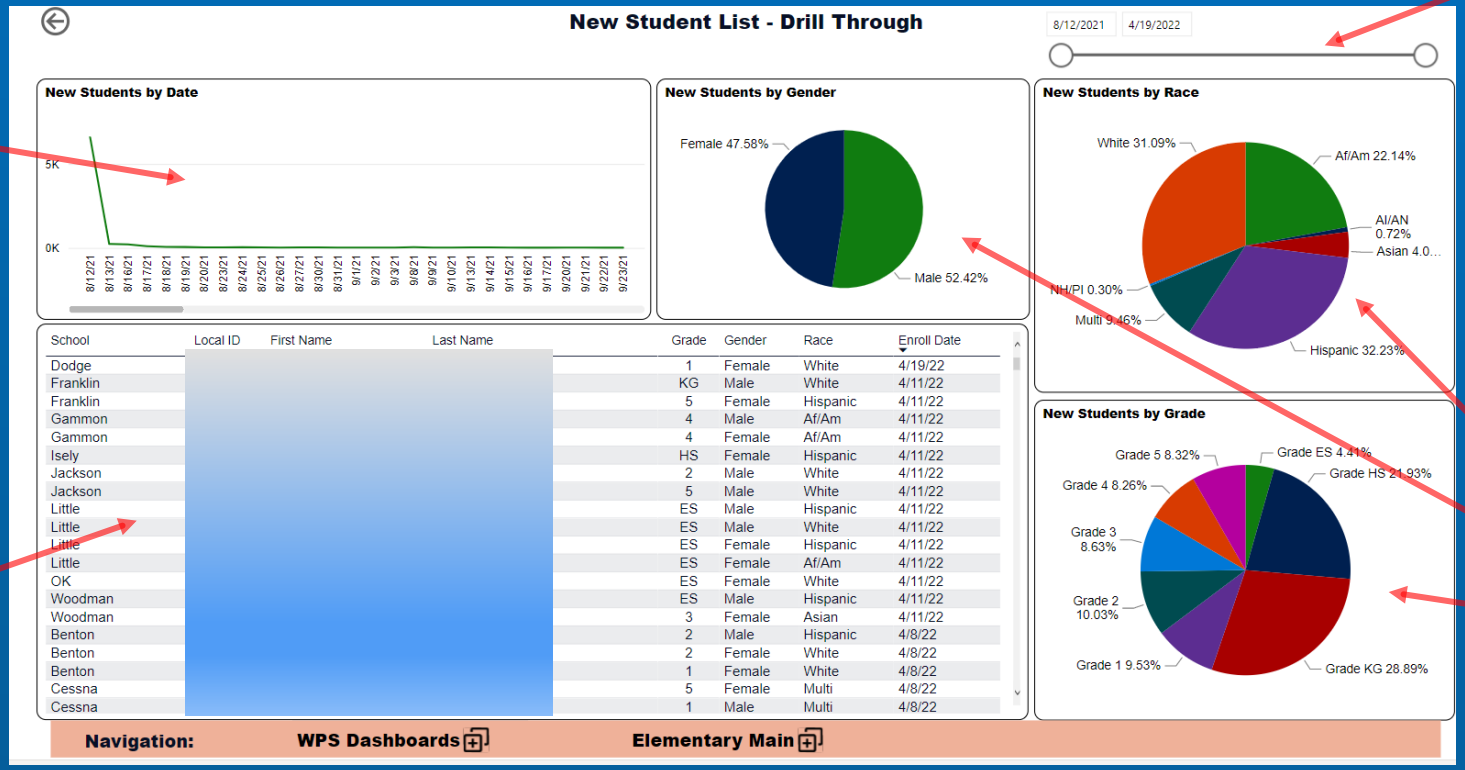




New Student List – Drill Through

New Students (Count) By Date

Slider allows users to narrow down to a specific date range.



Individual Student Information based on the date range selected.
