2. How Does the Surest Health Plan Work?

The Surest Health Plan ("Surest Plan") design allows each Participant to make informed choices about their health care, cost, and coverage needs – in advance of receiving care. With the Surest mobile app and the Benefits.Surest.com website, Participants can search for available care, cost, and coverage options from any geographic location to choose the best option for them, or Participants can call Surest Member Services for assistance navigating their coverage options. Eligible employees and eligible dependents who properly enrolled in the Surest Plan are referred to as "Participants" in this SPD.

The Surest Plan has features that Participants already know and understand — including, for example: no deductible; simple copayments for Covered Health Services; an annual out-of-pocket maximum; and available comprehensive coverage.

When enrolled in the Surest Plan, coverage automatically includes substantial coverage of Physician and hospital services — including, for example: preventive care, Emergency and urgent care, office visits, inpatient and outpatient hospital visits, and prescription drugs. Coverage also provides substantial coverage for common and/or Medically Necessary services and treatments such as, maternity care, cancer treatment, and physical therapy, all of which are more fully described below.

Participants and the Plan Sponsor share in the cost of the Surest Plan. Your paycheck deductions amount depends on the dependents you choose to enroll.

3. Am I Eligible and How Do I Enroll?

You are eligible to enroll for the Bind Plan for coverage if you are:

- The employee must be an individual employed by the school district.
- The employee must be either (A) a full-time employee of the employer who regularly works 30 or more hours of service per week (.75 or higher), or (B) an employee who was in benefited status as of July 31, 2014, and whose full-time status is between .50 and .74 (20 or more hours of service per week). With respect to an employee described in the preceding clause (B), if there is any change in the employee's Full-Time status, the employee will lose the employee's grandfathered status, unless the change was instituted by the district in order to meet instructional needs of children.

Participation in the Plan will begin as of the first day of the month following the date the employee satisfies the foregoing eligibility requirements, provided all required election and enrollment forms are properly submitted to the Plan Administrator.

You are not eligible to participate in the Plan if you are classified by the employer as a part-time, temporary, leased or seasonal employee, an independent contractor, or a person performing services pursuant to a contract under which you are designated an independent contractor (regardless of whether you might later be deemed a common law employee by a court or governmental agency). You also are not eligible to participate in this Plan if you are classified by the employer as a long-term temporary employee.

Determining Full-Time Employee Status for Ongoing Employees

In determining whether an ongoing employee is classified as a full-time employee, the employer has set forth a standard measurement period of 12 months followed by a standard stability period of 12 months. If during the standard measurement period, the ongoing employee is determined to be a full-time employee, the Plan will have a 60 day administrative period to notify the employee of his or her eligibility (and the eligibility of the employee's eligible dependents) to enroll in the Plan and to complete the enrollment process. An employee who has been determined to be a full-time employee during his or her measurement period will be offered single or family coverage, as applicable, that is effective as of the first day of the employee's stability period.

Solely for purposes of computing average hours of service for a continuing employee during any measurement period that includes any portion of an "employment break period", a preliminary average will first be determined by disregarding the employment break period. The employee will then be credited with additional hours of service for each calendar year equal to the lesser of (1) 501 hours of service or (2) the number of hours of service that would be needed for the employee's average for the entire measurement period (disregarding special unpaid leave) to equal the preliminary average. The employee's final average, which will be used to determine if the employee is a full-time employee will then be determined by dividing the total hours of service credited by the length of the measurement period (disregarding special unpaid leave).

Determining Full-Time Employee Status for New Variable Hour or Part-Time Employees

In determining whether a new variable hour or part-time employee will be considered as a full-time employee during the initial stability period, the employer has set forth an Initial measurement period of 12 months followed by an initial stability period of 12 months. If during the initial measurement period, the employee is determined to be a full-time employee, the Plan will have a 30 day administrative period to notify the employee of his or her eligibility to enroll in the Plan and to complete the enrollment process (and the eligibility of the employee's eligible dependents).

An employee who has been determined to be a full-time employee during his or her measurement period will be offered single or family coverage, as applicable, that is effective as of the first day of the employee's stability period. Notwithstanding any other provision to the contrary, the combined length of the Initial measurement period and the administrative period for a new employee who is a part-time or variable hour employee may not extend beyond the last day of the first calendar month beginning on or after the first anniversary of the date the employee completes at least one hour of service with the employer.

Material Change in Position or Employment Status for New Variable Hour or Part-Time employee

An employee who, during his or her Initial measurement period, experiences a material change in position or employment status that results in the employee becoming reasonably expected to work at least 30 Hours of service per week for the employer will be treated as a full-time employee to whom coverage under the Plan will be offered to the employee and his or her eligible dependents beginning on the earlier of:

1. The 4th full calendar month following the change in employment status, or
2. The first day of the initial stability period (but only if the employee averaged at least 30 Hours of service per week during the Initial measurement period).

An eligible dependent of the employee such as:

- A legal spouse. If your spouse is employed full-time and eligible for medical coverage under a group plan sponsored by his/her employer, your spouse is only eligible for medical coverage under this Plan if you agree to pay, in addition to any other required contribution, a spousal surcharge. The amount of the spousal surcharge is determined by the Plan Sponsor and will be communicated to employees when initially eligible and during the annual open enrollment period.
- You or your spouse's child who is under the age of 26, including
  - a natural child.
  - a stepchild.
  - a legally adopted child.
  - a child placed for adoption.
  - a child for whom you or your spouse are the legal guardian.

- Your child age 26 or over who is disabled and dependent upon you. (see additional information below)
- A dependent also includes a child for whom health care coverage is required through a Qualified Medical Child Support Order (QMCSO) or other court or administrative order.

An employee must enroll in the Bind Plan coverage in order to enroll his/her dependents. If both parents are covered as employees, a child may be covered as a dependent of either parent, but not both. Employees and eligible dependents who enroll in the Bind Plan for coverage may be referred to in this SPD as a Participant.

Coverage for any child who is mentally or physically handicapped, mentally ill, or developmentally disabled, as determined by the Social Security Administration, and incapable of self-sustaining employment can be continued after they reach the limiting age of 26 if their disability began prior to such age. An illness that does not cause a child to be incapable of self-sustaining employment will not be considered a physical disability. The disabled child must be dependent on you for financial support, as defined by the Internal Revenue Code, and the covered employee must declare the child as an income tax deduction. The employee must provide proof that the child is incapable of self-sustaining employment within 31 days of the date the child reaches the limiting age of 26. The disabled child must meet the above support requirements and submit proof of disability to the Plan Administrator upon request.

A newly hired employee may also add a disabled child as a dependent under the Bind Plan provided the child is incapable of earning his own living and the disability began prior to reaching the limiting age of 26. The disabled child must be dependent upon you for financial support, as defined by the Internal Revenue Code, and the covered employee must declare the child as an income tax deduction.

The Plan Administrator may require documentation proving financial dependency, including tax records and proof of continuous coverage under any previous plan(s). At the Plan Administrator’s discretion, subsequent proof of medical disability and financial dependency may be requested from the employee. The Plan Administrator reserves the right to have such child examined by a Physician of the Plan Administrator’s choice, at the Plan’s expense, to determine such incapacity.

To enroll in the Bind Plan for coverage, contact the Plan Administrator within 31 days of the date you first become eligible for the Bind Plan coverage. If you do not enroll within 31 days, you will need to wait until the next Annual Enrollment to make your benefit elections.

If you wish to change your benefit elections following your marriage, birth, adoption of a child, placement for adoption of a child, or other family status change, you must contact the Plan Administrator within 31 days of the event. Otherwise, you will need to wait until the next Annual Enrollment to change your election.

Each year during Annual Enrollment, you have the opportunity to review and change your election. Any changes you make during Annual Enrollment will become effective the following Plan Year Effective Date.

Special Enrollment Period Due to Status Change

You may make Bind Plan coverage changes during the Plan Year if you experience a change in family status. The change in coverage must be consistent with the change in status (e.g., you cover your new spouse following your marriage, your new child following an adoption, etc.). The following are considered family status changes for purposes of the Bind Plan:

- Your marriage, divorce, legal separation, or annulment.
- The birth, legal adoption, placement for adoption, or legal guardianship of a child.
- A change in your spouse's employment or involuntary loss of health coverage (other than coverage under the Medicare or Medicaid programs) under another employer's plan.
- Loss of coverage due to the exhaustion of another employer's COBRA benefits, provided you were paying for premiums on a timely basis.
- Your death or the death of a dependent.
- Your dependent child no longer qualifying as an eligible dependent.
- A change in your or your spouse's position or work schedule that impacts eligibility for health coverage.
- The company or other employer ceased its contribution toward the premium for the other plan or contract.
- You or your eligible dependent who were enrolled in an HMO no longer live or work in that HMO's service area and no other benefit option is available to you or your eligible dependent.
- Benefits are no longer offered by the plan to a class of individuals that include you or your eligible dependent.
- Termination of your or your dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage as a result of loss of eligibility (you must contact the Plan Administrator within 60 days of termination).
- You or your dependent become eligible for a premium assistance subsidy under Medicaid or CHIP (you must contact the Plan Administrator within 60 days of the date of determination of subsidy eligibility).
- You or your dependent lose eligibility for coverage in the individual market, including coverage purchased through a public exchange or other public market established under the Affordable Care Act (Marketplace) (other than loss of eligibility for coverage due to failure to pay premiums on a timely basis or termination of coverage for cause, such as making a fraudulent claim or an intentional misrepresentation of a material fact) regardless of whether you or your dependent may enroll in other individual market coverage, through or outside of a Marketplace.
- A strike or lockout involving you or your spouse.
- A court or administrative order.

Unless otherwise noted above, if you wish to change your elections, you must contact the Plan Administrator within 31 days of the change in family status. Otherwise, you will need to wait until the next Annual Enrollment.

While some of these changes in status are similar to qualifying events under COBRA, you or your eligible dependent do not need to elect COBRA continuation coverage to take advantage of the special enrollment rights listed above. These will also be available to you or your eligible dependent if COBRA is elected.

Note: Any child under the age of 26 who is placed with you for adoption will be eligible for coverage on the date the child is placed with you, even if the legal adoption is not yet final. If you do not legally adopt the child, all medical Bind Plan coverage for the child will end when the placement ends. No provision will be made for continuing coverage (such as COBRA coverage) for the child.

Special Enrollment Period for Medicaid and Children's Health Insurance Program (CHIP) Participants

If an eligible employee and/or his/her eligible dependents are covered under a state Medicaid Plan or a state CHIP (if applicable) and that coverage is terminated as a result of loss of eligibility, then such employee may request enrollment in the Plan on behalf of him/herself and/or eligible dependents. Such request shall be submitted to the Plan Administrator no later than 60 calendar days after the eligible employee's and/or his/her dependent's coverage ends under such state plans.

If an eligible employee and/or his/her eligible dependents become eligible for coverage under a state Medicaid Plan or a state CHIP (if applicable), and the employer has not opted out of the premium assistance subsidy offered by the state, then such employee may request enrollment in the Plan on behalf of him/herself and/or such eligible dependents. The eligible employee shall request such enrollment in the Plan no later than 60 calendar days after the date the employee and/or his/her eligible dependents are determined to be eligible for coverage under such state plans.

Coverage will be effective on the first day of the first calendar month beginning after the date the Plan Administrator receives the request for special enrollment due to eligibility for Medicaid or CHIP payment assistance, provided the Plan Administrator receives the application for coverage as required.

Unless otherwise noted above, if you wish to change your elections, you must contact the Plan Administrator within 31 days of the change in family status. Otherwise, you will need to wait until the next Annual Enrollment.

While some of these changes in status are similar to qualifying events under COBRA, you or your eligible dependent do not need to elect COBRA continuation coverage to take advantage of the special enrollment rights listed above. These will also be available to you or your eligible dependent if COBRA is elected.

Note: Any child under the age of 26 who is placed with you for adoption will be eligible for coverage on the date the child is placed with you, even if the legal adoption is not yet final. If you do not legally adopt the child, all medical Plan coverage for the child will end when the placement ends. No provision will be made for continuing coverage (such as COBRA coverage) for the child.

4. When Does My Coverage Begin and End?

4.1 Effective Dates

If you enroll yourself in the Surest Plan during Annual Enrollment, your coverage is effective on the first day of the Plan Year. For employees who are hired mid-year, coverage will begin on first day of the month coinciding with or immediately following the employee's date of hire or becoming newly eligible once the Plan Administrator receives your properly completed enrollment information.

Coverage for eligible dependents that you properly enroll during Annual Enrollment is effective on the same day your coverage begins.

Coverage for a dependent spouse or stepchild added through marriage is effective on the date of your marriage, provided you notify the Plan Administrator within 31 days of your marriage.

Coverage for dependent children added through birth, adoption, or placement for adoption is effective on the date of the family status change, provided you notify the Plan Administrator within 31 days of the birth, adoption, or placement.

4.2 End Dates

Your coverage will terminate on the earliest of the following dates:

- The date the Plan is terminated.
- The date the covered employee terminates.
- The date your eligibility under the Plan ends.
- When you do not make your required premium contribution for coverage under the Surest Plan. Termination will be retroactive to the last day for which your required premium contribution was timely received.
- The date you, or someone acting on your behalf, performed an act or practice that constitutes fraud or made an intentional misrepresentation (including an omission) of material fact under the terms of the Plan.
- The last day of the month in which a covered dependent child turns 26.
- The last day of the month in which a covered disabled dependent child age 26 or over ceases to be disabled.

If an employee becomes ineligible for coverage under the Plan due to a reduction in work-hours, the minimum number of hours an employee is required to work per week to be eligible to enroll in coverage, the employee's coverage will terminate upon the start of the next stability period. (Note: This item only applies to the employer mandate regulation.

Termination of Dependent Coverage

- Coverage under the Plan will terminate on the earliest of the following dates:
  1. The date the Plan terminates, in whole or in part.

2. The date the Plan discontinues coverage for Dependents.
3. The date your Dependent becomes covered as an Employee under the Plan.
4. The date coverage terminates for the Employee.
5. If you and/or your Dependents fail to make any contribution when it is due, the beginning of the period for which a required contribution has not been paid.
6. The last day of the month the Dependent Spouse reports to active military service.
7. The end of the month in which a Dependent ceases to be a Dependent as defined by the Plan.
8. The date your Dependent (or any person seeking coverage on behalf of your Dependent) performs an act, practice or omission that constitutes fraud.
9. The date your Dependent (or any person seeking coverage on behalf of your Dependent) makes an intentional misrepresentation of a material fact.

Retroactive Termination of Coverage

Except in cases where you and/or your covered Dependents fail to pay any required contribution to the cost of coverage, the Plan will not retroactively terminate coverage under the Plan unless you and/or your covered Dependents (or a person seeking coverage on behalf of you and/or your covered Dependents) performs an act, practice or omission that constitutes fraud with respect to the Plan or unless the individual makes an intentional misrepresentation of material fact. In such cases, the Plan will provide at least 30 days advance written notice to you or your covered Dependent who is affected before coverage will be retroactively terminated. As provided above, coverage may be retroactively terminated in cases where required Employee contributions have not been paid by the applicable deadline. In those cases, no advance written notice is required.

Rehire Provision – Affordable Care Act

After you become covered under the Plan, if your employment ends and you are rehired by the Employer within 26 weeks after your termination date for purposes of the Affordable Care Act, your coverage will take effect on the first day of the following month you report for employment with the Employer. The waiting period will be waived.

If your coverage resumes within the same Calendar Year, the Plan will consider coverage continuously in force for purposes of applying the Deductible, Out-of-Pocket Maximum, and Plan maximums.

If you were not covered under the Plan on the date of your termination or you are rehired by the Employer more than 26 weeks after your termination date, you will be treated as a new Employee and will be required to satisfy the waiting period.

4.3 Leave of Absence

Please contact your Plan Administrator’s representative for details on how your coverage is handled and if/when your coverage ends if you take a leave of absence.

If you are absent from work due to an approved family or medical leave under the Family and Medical Leave Act of 1993 (FMLA), coverage may be continued for the duration of the approved leave of absence as if there was no interruption in employment. You are responsible

for all required premium contributions for the Surest Plan while on a leave of absence. Such coverage will continue until the earlier of the expiration of such leave or the date you notify your employer that you do not intend to return to work.

If you do not return after an approved leave of absence, you may be eligible to continue coverage, provided that you elect to continue coverage according to Section 10 (Continuation of Coverage) of this SPD. If the covered employee returns to work immediately following his/her approved FMLA leave, no new waiting periods will apply.

5. What Are My Benefits?

Claims for Benefits under the Surest Plan are payable only for Covered Health Services that are Medically Necessary.

The total cost of Covered Health Services is shared between you and the Plan Sponsor. Your share consists of paycheck deductions and copayments. The Surest Plan does not have a deductible or coinsurance. Your Surest Plan does have an out-of-pocket maximum which is the maximum amount of copayments you will pay each Plan Year for Covered Health Services. Your paycheck deductions do not count against the Surest Plan's out-of-pocket maximum.

Your premium contributions are on a before-tax basis, or in other words, before federal income and Social Security taxes are withheld, and in most states, before state and local taxes are withheld. This gives your paycheck deductions a special tax advantage. Your paycheck deductions are subject to review, and the Plan Administrator reserves the right to change your paycheck deduction amount from time to time. You can obtain current paycheck deductions by contacting the Plan Administrator.

Surest assigns prices to Covered Health Services. These prices are referred to as copayments. Your copayments for Covered Health Services are listed in Section 5.1 (Covered Health Services). Surest does not administer the benefits or services for prescription drugs. Please contact MaxorPlus, the Prescription Benefits Manager, at 1-800-687-0707 or http://www.maxorplus.com.

The Surest Plan provides Benefits for the remainder of the amount billed by your in-network Provider for Covered Health Services after any discounts are applied.

Discounts are negotiated with in-network Providers. If you use an in-network Provider, you will pay lower copayments and the Provider will not charge you any additional fees. If you use an out-of-network Provider, you will be responsible for (in addition to your higher out-of-network copayment) all amounts that exceed the Usual and Customary amount, when applicable.

Once your total copayments reach your applicable out-of-pocket maximum, the Surest Plan provides Benefits at 100% of Eligible Charges for the remainder of the Plan Year , except for amounts you pay for out-of-network Covered Health Services in excess of the Usual and Customary amount, when applicable. These amounts are NOT counted towards your out-of-pocket maximums.

In-Network Benefits

As a Participant in the Surest Plan, you may choose any eligible Provider of health services each time you need to receive a Covered Health Service. The choices you make may affect the amount you pay, as well as the level of Benefits you receive. You will receive the highest level of Benefits from the Surest Plan (and in most instances, your out-of-pocket expenses will be far less) when you receive care from in-network Providers. The Surest Plan features a large network of in-network Providers which can be found in the Surest mobile app or Benefits.Surest.com website or call Surest Member Services for assistance.

These in-network Providers will:

1. File Claims for Benefits for you.
2. Accept payment based on the discounted rate previously negotiated.

In-network Providers are responsible for obtaining Prior Authorization, Pre-Admission Notification, pre-admission certification for planned inpatient admissions, and/or Emergency admission notification requirements for you. Therefore, it is important that you confirm the Provider's status before you receive services as a Provider's network status may change. For current in-network Provider information, refer to the Surest mobile app or Benefits.Surest.com website or call Surest Member Services for assistance. If you receive health care services from an out-of-network Provider and were informed incorrectly by us prior to receipt of the Covered Health Service that the Provider was an in-network Provider, either through our database, our provider directory, or in our response to your request for such information) via telephone, electronic, web-based or internet-based means), you may be eligible for cost sharing (copayment) that would be no greater than if the Covered Health Service had been provided from an in-network Provider.

You must show your member identification "ID" card every time you request health care services from an in-network Provider. Your member ID card can be found on the Surest mobile app; you will also receive an actual member ID card in the mail prior to the Effective Date. If you do not show your member ID card, in-network Providers have no way of knowing that you are enrolled under the Surest Plan. As a result, they may bill you for the entire cost of the services you receive.

Do not assume that an in-network Provider's agreement includes all Covered Health Services. Some in-network Providers contract with Surest to provide only certain Covered Health Services, but not all Covered Health Services. Some in-network Providers choose to be an in-network Provider for only some of our Covered Health Services. Refer to the Surest mobile app or Benefits.Surest.com website or call Surest Member Services for assistance.

For in-network benefits for Covered Health Services provided by an in-network Provider, except for your copayment obligations, you are not responsible for any difference between the Eligible Charge and the amount the Provider bills. Eligible Charges are based on the following:

- When Covered Health Services are received from an in-network Provider, Eligible Charges are our contracted fee(s) with that Provider.
- When Covered Health Services are received from an out-of-network Provider as arranged by us, Eligible Charges are an amount negotiated by us or an amount permitted by law. Please contact us if you are billed for amounts in excess of your applicable copayment. Surest will not pay excessive charges or amounts you are not legally obligated to pay.

Out-of-Network Benefits

The Surest Plan generally provides Benefits for medical Claims incurred with an out-of-network Provider at a lower level. As a result, if you choose to seek Covered Health Services out-of-network, except as described below, you will be responsible for the difference between the

amount billed by the out-of-network Provider or facility and the amount Surest determines to be the Eligible Charge for reimbursement (plus any applicable copayments). The amount in excess of the Eligible Charge could be significant, and this amount will NOT apply to the out-of-network out-of-pocket maximum. You may want to ask the out-of-network Provider about their billing practices before you receive care.

- For Covered Health Services that are ***Ancillary Services received at certain in-network facilities on a non-Emergency basis from out-of-network Physicians***, you are not responsible (and the out-of-network Provider may not bill you) for amounts in excess of your copayment which is based on the Recognized Amount as defined in Section 11 (Glossary).

- For Covered Health Services that are ***non-Ancillary Services received at certain in-network facilities on a non-Emergency basis from out-of-network Providers who have not satisfied the notice and consent criteria as described below***, you are not responsible (and the out-of-network Provider may not bill you) for amounts in excess of your copayment which is based on the Recognized Amount as defined in Section 11 (Glossary).

- For Covered Health Services that are ***Emergency Health Services provided by an out-of-network Provider***, you are not responsible (and the out-of-network Provider may not bill you) for amounts in excess of your applicable copayment which is based on the Recognized Amount as defined in Section 11 (Glossary).

- For Covered Health Services that are ***air ambulance services provided by an out-of-network Provider***, you are not responsible (and the out-of-network Provider may not bill you) for amounts in excess of your applicable copayment which is based on the rates that would apply if the service was provided by an in-network Provider.

Eligible Charges are determined in accordance with our reimbursement policy guidelines or as required by law.

When Covered Health Services are received from an out-of-network Provider as described below, Eligible Charges are determined, as follows:

- **For non-Emergency Covered Health Services received at certain in-network facilities from out-of-network Physicians** when such services are either Ancillary Services, or non-Ancillary Services that have not satisfied the notice and consent criteria of section *2799B-2(d) of the Public Service Ac*t with respect to a visit as defined by the Secretary, the Eligible Charge is based on either:
  - The reimbursement rate as determined by applicable state law or by an applicable state *All Payer Model Agreement.*
  - The initial payment made by us or the amount subsequently agreed to by the out-of-network Provider and us.
  - The amount determined by *Independent Dispute Resolution (IDR).*

  For the purpose of this provision, "certain network facilities" are limited to a hospital (as defined in *1861(e) of the Social Security Act*), a hospital outpatient department, a critical

access hospital (as defined in *1861(mm)(1) of the Social Security Act*), an ambulatory surgical center as described in section *1833(i)(1)(A) of the Social Security Act*, and any other facility specified by the Secretary.

IMPORTANT NOTICE: For Ancillary Services, and for non-Ancillary Services provided without notice and consent, you are not responsible, and an out-of-network physician may not bill you, for amounts in excess of your applicable copayment which is based on the Recognized Amount as defined in Section 11 (Glossary).

- **For Emergency health care services provided by an out-of-network Provider**, the Eligible Charge is based on either:
  - The reimbursement rate as determined by applicable state law or by an applicable state *All Payer Model Agreement.*
  - The initial payment made by us or the amount subsequently agreed to by the out-of-network Provider and us.
  - The amount determined by *Independent Dispute Resolution (IDR).*

  IMPORTANT NOTICE: You are not responsible, and an out-of-network Provider may not bill you, for amounts in excess of your applicable copayment which is based on the Recognized Amount as defined in Section 11 (Glossary).
- **For air ambulance transportation provided by an out-of-network Provider**, the Eligible Charge is based on either:
  - The reimbursement rate as determined by applicable state law or by an applicable state *All Payer Model Agreement*.
  - The initial payment made by us or the amount subsequently agreed to by the out-of-network Provider and us.
  - The amount determined by *Independent Dispute Resolution (IDR).*

  IMPORTANT NOTICE: You are not responsible, and an out-of-network Provider may not bill you, for amounts in excess of your copayment which is based on the rates that would apply if the service was provided by an in-network Provider.

Out-of-network Benefits apply to Covered Health Services that are provided by an out-of-network Provider, or Covered Health Services that are provided at an out-of-network facility. If you are using an out-of-network Provider, you are responsible for ensuring that any necessary Prior Authorizations and Pre-Admission Notifications have been obtained, or the services may not be covered by the Surest Plan.

If the Claims Administrator confirms that care is not available from an in-network Provider, the Claims Administrator will work with you to coordinate care through an out-of-network Provider as outlined in the written policy established by the Claims Administrator. Covered Health Services rendered by an out-of-network Provider will be processed at the in-network Benefit level when there are no available in-network Providers. Requests for this Benefit should be made by calling Surest Member Services at the number on your member ID card **before** you obtain such services.

Out-of-network Providers are not required to file Claims with Surest. If you get Covered Health Services outside of the Surest network and the Provider and/or facility requires that you remit the full amount, contact Surest Member Services for a Claim form to file a Claim for reimbursement. This may require an itemized bill from the Provider.

Depending on the service you receive and the Provider you receive it from, you may have access to a discount through the network partner's Shared Savings Program for out-of-network Providers. As part of this program, some Providers have agreed to discount their charges for Covered Health Services. If you receive Covered Health Services from these Providers, the out-of-network copayment will remain the same as for receiving Covered Health Services from out-of-network Providers who have not agreed to discount their charges; however, the total that you owe may be less when you receive Covered Health Services from Shared Savings Program Providers than from other out-of-network Providers because the Eligible Expense may be a lesser amount. These discounts are not always known until the service is rendered and cannot be determined in advance.

Copayments

A copayment is the amount you pay each time you receive certain Covered Health Services. The table below describes how your coverage works and includes copayments applicable to the Covered Health Services you choose. Some copayments are listed as a range. Surest assigns Provider copayments within the ranges based on the Surest analysis of treatment outcomes and cost information that identifies Physicians, clinics, and hospitals that provide cost-efficient care.

For current Provider-specific copayment information, Participants should check the Surest mobile app or Benefits.Surest.com website or call Surest Member Services prior to utilizing any services covered under the Surest Plan.

The full range of copayments displayed may not be available in all geographical areas or for all services. You can find Provider-specific copayment amounts by utilizing the 'Search tool' on the Surest mobile app or Benefits.Surest.com website or call Surest Member Services.

You may also be eligible for reduced copayments for certain Benefits and for specific focused programs if you use in-network Providers that Surest has designated as preferred, high-value Providers.

The following chart shows the deductibles and out-of-pocket maximums for the Surest Plan.

The Surest Plan does not provide Benefits for Cosmetic services or procedures.

Clinical Trials

Clinical trials are research studies designed to find ways to improve health care or to improve prevention, diagnosis, or treatment of health problems. The purpose of many clinical trials is to find out whether a medicine or treatment is safe and effective for treating a certain condition or disease. Clinical trials compare the effectiveness of medicines or treatments against standard, accepted treatment, or against a placebo if there is no standard treatment.

Participants in clinical trials are typically randomized to different treatment arms and based on that randomization may receive either the study intervention or the control intervention.

Services provided in a clinical trial typically include the interventions being evaluated (study agent and control agent) and other clinical services required to evaluate the effectiveness and safety of the interventions being compared.

In compliance with federal law, your Benefits cover routine health care costs for qualifying individuals participating in an approved clinical trial. For more information call Surest Member Services at the number on your member ID card.

Clinical Trial services may require Prior Authorization and Medical Necessity review.

Coverage with Evidence Development

Surest implements written “Coverage with Evidence Development” (“CED”) medical policies in order to accelerate the discovery and adoption of health care services that generate better clinical outcomes at lower cost. CED medical policies provide coverage for promising new technologies that have not yet been established as effective according to generally accepted professional medical standards, but:

1. Are not eligible to be covered under the clinical trials policy.
2. Would otherwise be considered Medically Necessary.
3. Are safe.
4. Show substantial potential to improve health outcomes and reduce waste and inefficiency in the health care system.
5. Are being evaluated in a high-quality research or clinical study.
6. Can be operationally administered by Surest.
7. Do not substantially increase health care costs.
8. Meet all of the requirements defined by the Surest clinical rationale policy and procedures.

Services covered by a CED policy are covered according to the Surest Plan benefit design. This will require Prior Authorization and Medical Necessity review.

5.2 Prescription Drugs

Surest does not administer the benefits or services for prescription drugs. Please contact MaxorPlus, the Prescription Benefits Manager, at 1-800-687-0707 or http://www.maxorplus.com.

5.3 Prior Authorization and Pre-Admission Notification

Select services require Prior Authorization or Pre-Admission Notification. Prior Authorization is required by service type, regardless of whether the service is rendered by in-network or out-of-network Providers.

In-network Providers are responsible for obtaining Prior Authorization for select Covered Health Services and are responsible for Pre-Admission Notification for planned inpatient admissions and post-admission notification at least 24 hours of admission of Emergency inpatient admissions. Inpatient stays will be reviewed for Medical Necessity, length of stay, and level of care. All acute inpatient rehabilitation (AIR) admissions, long-term acute care (LTAC) admissions, and Skilled Nursing Facility (SNF) admissions are subject to Medical Necessity review pre-admission. If you have questions about Prior Authorization or Pre-Admission Notification, please contact Surest Member Services.

If you are using an out-of-network Provider, you are responsible for ensuring that any necessary Prior Authorizations and Pre-Admission Notifications have been obtained or the services may not be covered by the Surest Plan. Only certain out-of-network Covered health Services are available for Benefits (e.g., ambulance, Emergency room, Observation Stay). Contact Surest Member Services prior to obtaining services to determine whether Prior Authorization is required or ask your Provider to contact the pre-certification number on your member ID card.

If your Prior Authorization or Pre-Admission Notification is denied, you will receive an explanation of why it was denied and how you can appeal (including how to request expedited review). This information can also be found in Section 8 (What Do I Do If My Claim Is Denied).

The Prior Authorization list is subject to change without notice. The most current information can be obtained by having your Provider contact the pre-certification number on your member ID card or call Surest Member Services.

Surest Care Management

Surest Care Management offers support to help you use your Benefits, improve your health, and achieve an optimal quality of life.

- Helping you develop self-management skills.
- Identifying available treatment options.
- Offering personalized coaching to help you live better with an illness or recover from an acute condition.

It is your choice to participate in Surest Care Management. There are no extra charges for these services, and you can end your participation at any time, for any reason. Contact Surest Member Services at the number on your member ID card for more information on Transplant Resource Services and access to designated providers.

Once you are enrolled in Transplant Resource Services, a dedicated nurse case manager who specializes in transplant cases will provide assistance in:

Continuity of Care Benefits are managed on a case-by-case basis.

If you are currently receiving treatment for Covered Health Services from a Provider whose network status changes from in-network to out-of-network during such treatment due to termination (non-renewal or expiration) of the Provider's contract, you may be eligible to request continued care from your current Provider under the same terms and conditions that would have applied prior to termination of the Provider's contract for specified conditions and timeframes. 7. Claims Procedures

When you receive in-network services, the Provider will generally collect your copayment from you at the time of your treatment and send a medical Claim to the Surest Plan for payment. Sometimes out-of-network Providers will do the same. Other times, out-of-network Providers may bill you for the total cost of your treatment, and you will need to submit the medical Claim to the Surest Plan to be reviewed for Benefits. Whether you pay out-of-pocket, or your Provider bills the Surest Plan directly, you are still entitled to the same Benefits.

If you receive a bill from your Provider (whether in-network or out-of-network) for the Surest Plan's portion of the costs, or you pay for your medical care out-of-pocket and need to be reimbursed, you must submit a medical Claim to the Surest Plan. This section summarizes the procedures you must follow to submit a medical Claim for payment, and the procedures the Surest Plan will use to determine whether and how much to pay for that medical Claim.

If you would like more details about medical Claims procedures and your rights and responsibilities, contact Surest Member Services.

Regular Post-Service Medical Claims

Post-service medical Claims are non-urgent medical Claims processed after you have received treatment. Pre-Service and Urgent Care Request for Benefits are described in Section 8 (What Do I Do If My Claim Is Denied). Generally, you do not need to file a medical Claim for services from in-network Providers; the Provider will handle the filing of the medical Claim. For out-of-network Providers that do not file medical Claims or if you receive Emergency care outside the United States and are seeking reimbursement from the Surest Plan, you can submit a medical Claim using this procedure.

You can submit a post-service medical Claim by mail to the address on your member ID card. You will need to provide several pieces of information for Surest to be able to process your medical Claim and determine the appropriate Surest Plan Benefits:

- The name and birthdate of the Participant who received the care.
- The Participant ID listed on the Surest member ID card.
- An itemized bill from your Provider, which should include:
  - The Provider's name, address, tax identification number, NPI number, and license number (if available).
  - The date(s) the Participant received care.
  - The diagnosis and procedure codes for each service provided.
  - The charges for each service provided.
- Information about any other health coverage the Participant has.
- Proof of payment may be requested to substantiate your medical Claim but is not required upon initial submission to Surest.

Regular Post-Service Pharmacy Claims

Surest does not administer the benefits or services for prescription drugs. Please contact MaxorPlus, the Prescription Benefits Manager, at 1-800-687-0707 or http://www.maxorplus.com.

Other General Claims Procedures

Your medical Claim must be submitted within one year from the date you received the health care services. If you are not capable of submitting a Claim within one year, you must submit the Claim as soon as reasonably possible. If your Claim relates to an inpatient stay, the date you were discharged counts as the date you received the health care service for Claims purposes.

You will receive a decision within 30 days of submitting your Claim. If we need more information on a Claim, we will reach out to you to request that additional information, but we will still make a decision on your Claim within 30 days. If you submit the requested additional information after a decision has been made, we may adjust our decision and reprocess your Claim accordingly.

Claims for medical (non-pharmacy) Benefits will be reviewed by Surest. If more time is needed to decide your Claim, we may request a one-time extension of not more than 15 days.

If a Claim for a welfare benefit is denied or ignored, in whole or in part, a Participant has a right to know why this was done, to obtain copies of documents (without charge) relating to the decision, and to appeal any denial, all within certain time schedules.

Notice of Adverse Claim Determination

If your medical Claim is denied in whole or in part, you will receive a written notice of denial. The notice will be written in an understandable and, where required by law, in a culturally and linguistically appropriate manner and will include all of the following:

- Information sufficient to identify the medical Claim involved (including the date of service, the health care Provider, and the medical Claim amount [if applicable]); you can also request from the Claims Administrator the diagnosis and treatment codes, and their explanation.
- The specific reason or reasons for the denial, the denial code and its meaning and a description of the Plan standard, if any, that was used in denying the Claim and a discussion of the decision.
- The specific reference to the relevant Plan provision on which the decision is based.
- A description of additional information needed to support your medical Claim and an explanation of why it is needed.
- Information about how to appeal your Claim, if you want to pursue it further; you may contact the Center for Consumer Information & Insurance Oversight (CCIIO) to raise complaints - in addition to avenues through the State such as ombudsman.
- A statement about available external review processes, including information on how to initiate the review.

- If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the decision, either a copy of the document or a statement that such a document was relied on and that a copy will be provided (free of charge) upon request.
- Either an explanation of the scientific or clinical judgment for the decision (applying the Plan terms to your medical circumstances) or a statement that such an explanation was relied on and that a copy will be provided (free of charge) upon request, if the decision was based on a limit (for example, a decision that the proposed service is not Medically Necessary).
- A description of the expedited review process in the case of a denial concerning a Claim involving urgent care. If we tell you about our decision orally within the timeframes required, we will follow up within three business days with a written or electronic notice.
- A statement about the availability of contact information for any applicable office of health insurance consumer assistance or ombudsman established to assist individuals with the internal claims and appeals and external review processes.
- A description of any voluntary processes the Plan offers.

Review of a Medical Appeal

Surest will conduct a full and fair review of your medical Claim appeal.

You can send us written comments, documents, records, and any other information you think will help us decide the medical Claim appeal.

You are entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other information relevant to the Participant's medical Claim for Benefits. "Relates to" means at least one of the following:

- That we used the information to make the Benefit determination.
- The information was submitted, used, or created while making the Benefit determination.
- The information shows that we made the Benefit determination based on your Plan documents and made the same decision for other Plan Participants in the same situation.
- The information is one of our policies or guidance.

When we review your medical Claim appeal, we will take into account all comments, documents, records, and other information you give us, even if we did not have that information when we denied the medical Claim.

Surest adheres to the following review practices:

- The appeal will be reviewed by an appropriate individual(s) who did not make the initial Benefit determination and who does not report to the person who did make the initial Benefit determination.

- If your medical Claim involves medical judgment or whether the medical Claim is about investigational or Experimental services, the appeal will be reviewed by a health care professional with appropriate expertise who was not consulted during the initial Benefit determination process.
- Surest will review all medical Claims in accordance with the rules established by the U.S. Department of Labor and applicable state law.
- Our reviewers avoid conflicts of interest and act independently and impartially. We do not hire, pay, terminate, promote, make decisions, or incentivize medical Claims reviewers to make denials.

Once the review is complete, if Surest upholds the denial, you will receive a written explanation of the reasons and facts relating to the denial.

If you are not satisfied with the first-level medical Claim appeal decision, you have the right to request a second-level medical Claim appeal within 60 days of receipt of the first-level medical Claim appeal determination.

Access to New or Additional Information

If you ask us, we will give you the identification of any medical expert who gave us an opinion – whether or not we used that opinion to decide your medical Claim. Any Participant will be automatically provided, free of charge, and sufficiently in advance of the date on which the notice of final internal Adverse Benefit Determination is required, with: (i) any new or additional evidence considered, relied upon, or generated by the Surest Plan in connection with the medical Claim; and (ii) a reasonable opportunity for any Participant to respond to such new evidence or rationale.

Pre-Service and Urgent Care Request for Benefits

A pre-service request for Benefits is a type of Benefit request that requires Prior Authorization but is not urgent. An urgent care request for Benefits is a special type of Prior Authorization that occurs when a delay in treatment could seriously jeopardize your life or health or the ability to regain maximum function or, in the opinion of a Physician with knowledge of your medical condition, could cause severe pain. Because your Provider is the one who initiates Prior Authorization, it will usually be your Provider who will request expedited processing. An urgent care request for Benefits will be decided as soon as possible, taking into account the medical exigencies, but no more than 72 hours after we receive your request. Urgent care requests for Benefits filed improperly or missing information may be denied.

If your pre-service or urgent care request for Benefits is denied, you will receive an explanation of why it was denied and how you can appeal (including how to request an expedited review).

Timing of Medical Claim Appeals Determinations

Separate schedules apply to the timing of Benefit requests and medical Claim appeals, depending on the type of request. There are four types of requests:

- **Urgent Care Request for Benefits:** A request for Benefits provided in connection with urgent care services.

- **Concurrent Care Requests:** A request to extend an already approved ongoing course of treatment that was approved for a specific period of time or a specific number of treatments. If the request is urgent, we will follow the urgent care request for Benefits and appeals process. If it is not urgent, it will be treated like a new request for services and will follow the Pre-Service Request for Benefits and Appeal process.
- **Pre-Service Request for Benefits:** A request for Benefits which the Surest Plan must approve or for which you must notify Surest before non-urgent care is provided.
- **Post-Service Medical Claim Request for Benefits:** A medical Claim for reimbursement of the cost of non-urgent care that has already been provided.

Please note that the decision is based only on whether or not Benefits are available under the Surest Plan for the proposed treatment or procedure.

You may have the right to external review through an Independent Review Organization (IRO) upon completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in a decision letter to you from Surest.

The tables below describe the time frames which you and Surest are required to follow.

Concurrent Care Request for Benefits

In some cases, you may have an ongoing course of treatment approved for a specific period of time or a specific number of treatments, and you may want to extend that course of treatment. This is called a Concurrent Care Claim.

If your extension request is not “urgent” (as defined in the previous section), your request will be considered a new request and will be decided according to the applicable procedures and timeframes. If your request for an extension is urgent you may request expedited processing.

If an ongoing course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent care request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. Surest will make a determination on your request for the extended treatment within 24 hours from receipt of your request. If we inform you about our decision orally, we will follow up within three business days with a written or electronic notice.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent care request for Benefits and decided according to the timeframes described above. If an ongoing course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

Please note that the decision is based only on whether or not Benefits are available under the Surest Plan for the proposed treatment or procedure.

If your Concurrent Care Claim is denied, you will receive an explanation of why it was denied and how you can appeal (including how to request expedited review). You may have the right to an external review through an Independent Review Organization (IRO) upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in decision letter to you from Surest.

Notice of Claim Denial on Appeal

If your Claim is denied on review, the reviewer will provide you with a notice of the Adverse Benefit Determination that will:

- Be written in a manner designed to be understood by an average individual and, where required by law, in a culturally and linguistically appropriate manner.
- Include information sufficient to identify the Claim involved (including the date of service, the health care Provider, and the Claim amount [if applicable]); you can also request from the reviewer the diagnosis and treatment codes and their explanation.
- Include the specific reasons for the Adverse Benefit Determination (including the denial code and its meaning and a description of the Plan's standard, if any, that was used in denying the Claim and a discussion of the decision).
- Refer to the specific Plan provisions on which the determination was based.
- Inform you that, upon request and free of charge, you are entitled to reasonable access to, and copies of, all documents, records, and other information relevant to the Claim for Benefits.
- Include a copy of any internal rule, protocol or criterion that was relied on in making the determination or indicate that a copy of such material is available (free of charge) upon request.
- Either explain the scientific or clinical judgment made or indicate that such an explanation is available upon request, free of charge, if the determination was based on Medical Necessity or similar exclusion or limit.
- Contain a statement about the availability of contact information for any applicable office of health insurance consumer assistance or ombudsman established to assist individuals with the internal claims and appeals and external review processes.
- A statement about any voluntary appeal procedures your Plan may offer.
- Notify you that you can contact the Department of Labor or State Insurance Regulatory Agency to learn about other voluntary alternative dispute resolution options.

The reviewer’s decision on appeal is the final internal Adverse Benefit Determination.

Federal External Review Program

If, after exhausting your internal appeals, you are not satisfied with the determination made by Surest, you may be entitled to request an external review. The process is available at no charge to you.

You can also start the external review process without exhausting the internal appeals if Surest fails to follow the internal appeals process described above (unless it is a minor failure).

If one of the above conditions is met, you may request an external review of Adverse Benefit Determinations based upon any of the following:

- Medical judgement and/or Clinical reasons — for example Medical Necessity, appropriateness, health care setting, level of care, and effectiveness of a covered Benefit.
- A determination that a treatment, service, drug, or device is an Experimental or Investigational Service(s) or Unproven Service(s).
- Whether a Participant is entitled to a reasonable alternative standard for a reward under a wellness program.
- A determination as to whether a Plan is complying with non-quantitative mental health parity requirements.
- Rescission of coverage (coverage that was cancelled or discontinued retroactively).
- As otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to the address set out in the determination letter. You or your representative may request an expedited external review, in urgent situations as detailed below, call Surest Member Services or by sending a written request to the address set out in the determination letter. A request must be made within 120 days after the date you received the final internal Adverse Benefit Determination letter from Surest.

An external review request should include all of the following:

- A specific request for an external review.
- The Participant’s name, address, and member ID number.
- Your designated representative’s name and address, when applicable.
- The service that was denied.
- Any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an Independent Review Organization (IRO). Surest has entered into agreements with three or more IROs that have agreed to perform such reviews. There are two types of external reviews available, and both are free to you.

Standard External Review

A standard external review comprises of all of the following:

- A preliminary review by Surest of the request completed within five business days following Surest’s receipt of the request.
- A referral of the request by Surest to the IRO.
- A decision by the IRO.

Within the applicable timeframe after receipt of the request, Surest will complete a preliminary review to determine whether the individual for whom the request was submitted meets all of the following criteria:

- Is or was covered under the Surest Plan at the time the health care service or procedure that is at issue in the request was provided.
- The denial does not relate to your eligibility to participate in the Plan.
- Has exhausted the applicable internal appeals process or is deemed to have exhausted the internal appeals process.
- Has provided all the information and forms required for Surest to process the request.

After completing the preliminary review, Surest will issue a notification in writing to you within one business day. If the request is eligible for external review, Surest will assign an IRO to conduct such review. Surest will assign requests by either rotating assignments among the IROs or by using a random selection process.

If the request is complete but not eligible for external review, Surest will provide notification that includes the reasons for ineligibility and contact information for the Employee Benefits Security Administration. If the request is not complete, the notification will describe the information or materials needed to make the request complete; you will have at least 48 hours (or, if longer, until the end of the four-month filing period) to complete the request.

The IRO will timely notify you in writing whether the request is eligible for external review. Within 10-business days following the date of receipt of the notice, you may submit in writing to the IRO additional information for the IRO to consider in conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted by you after 10-business days.

Surest will provide to the assigned IRO the documents and information considered in making the determination, including:

- All relevant medical records.
- All other documents relied upon by Surest.
- All other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request and Surest will include it with the documents forwarded to the IRO.

In reaching a decision, the IRO will review the Claim as new and not be bound by any decisions or conclusions reached by Surest. The IRO will provide written notice of its determination (the “Final External Review Decision”) within 45 days after receiving the request for the external review (unless they request additional time, and you agree). The IRO will deliver the notice of Final External Review Decision to you and Surest, and it will include the clinical basis for the determination.

Upon receipt of a Final External Review Decision reversing the determination made by Surest, the Surest Plan will immediately provide coverage or payment for the Benefit Claim at issue in

accordance with the terms and conditions of the Surest Plan, and any applicable law regarding Plan remedies. If the Final External Review Decision is that payment or referral will not be made, the Surest Plan will not be obligated to provide Benefits for the health care service or procedure.

Expedited External Review

An expedited external review is similar to a standard external review. The time for completing the review process is much shorter, and in some instances, you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review if you receive either of the following:

- An Adverse Benefit Determination of a Claim or appeal if the Adverse Benefit Determination involves a medical condition for which the time frame for completion of an expedited internal appeal would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function and you have filed a request for an expedited internal appeal.
- A final appeal decision, if the determination involves a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function, or if the final appeal decision concerns an admission, availability of care, continued stay, or health care service, procedure, or product for which the individual received Emergency services, but has not been discharged from a facility.

Immediately upon receipt of the request, Surest will determine whether the individual meets both of the following criteria:

- Is or was covered under the Surest Plan at the time the health care service or procedure that is at issue in the request was provided.
- Has provided all the information and forms required so that Surest may process the request.

After completing the review, Surest will immediately send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, Surest will assign an IRO in the same manner Surest utilizes to assign standard external reviews to IROs. Surest will provide all necessary documents and information considered in making the Adverse Benefit Determination or final Adverse Benefit Determination to the assigned IRO electronically, by telephone, facsimile, or any other available expeditious method. The IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the IRO will review the Claim as new and not be bound by any decisions or conclusions reached by Surest. The IRO will provide notice of the final external review decision for an expedited external review as expeditiously as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request. If the initial notice is not in writing, within 48 hours after the date of providing the

initial notice the assigned IRO will provide written confirmation of the decision to you and to Surest.

You may contact Surest Member Services for more information regarding external review rights, or if you are making a verbal request for an expedited external review.

Limitation of Action

You cannot bring any legal action against the Plan Administrator or Claim Administrator to recover reimbursement until 90 days after you have properly submitted a request for reimbursement as described in this section and all required reviews of your Claim have been completed.

9. Continuation of Coverage

COBRA Continuation Coverage

Under certain circumstances, a Participant may elect to continue coverage under the Surest Plan in accordance with COBRA.

A Participant whose coverage is ending may be able to elect to continue the coverage. Continued coverage shall be provided as required under COBRA. The Plan Sponsor shall, within the parameters of the law, establish uniform policies for the purpose of providing such continuation of coverage.

COBRA requires most employers with 20 or more employees to offer employees and their families the opportunity to pay for a temporary extension of coverage (called “continuation coverage”) at group rates in certain instances where coverage would otherwise end. This information is provided with respect to the Surest Plan.

There is no requirement that a person be insurable to elect continuation coverage. However, a person who continues coverage may be required to pay the entire premium for the continuation coverage at the end of the maximum coverage period.

This notice is intended to inform Participants under the Surest Plan, in summary fashion, of their rights and obligations under the continuation coverage provisions of this law. It does not fully describe your continuation coverage rights. For additional information about your rights and obligation under the Surest Plan and under federal law, you should contact the Plan Administrator. It is intended that no greater rights be provided than those required by the law.

Other options may be available when a person loses group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse’s plan), even if that plan generally does not accept late enrollees.

When Continuation Coverage is Available

Continuation Coverage is available in the following circumstances:

- **Qualifying Event.** A qualifying event is the occurrence of a specified event (described below) that results in a loss of coverage under the terms of the Surest Plan. Upon the occurrence of a “qualifying event,” each person that loses coverage has rights as a “qualified beneficiary.”
- **Qualified Beneficiary.** A qualified beneficiary is the employee and/or the employee’s spouse or dependent children who on the day before the qualifying event were covered under the Surest Plan. In addition, a child who is born to or placed for adoption with a covered employee during a period of COBRA continuation coverage is a qualified beneficiary. Furthermore, an individual for whom the employee must provide coverage

under the Surest Plan pursuant to a Qualified Medical Child Support order (QMCSO) is a qualified beneficiary.

- **Employee Loss of Coverage.** If covered by the Surest Plan, the employee has the right to elect continuation coverage if he or she loses coverage under the Surest Plan due to termination of employment (other than for gross misconduct) or a reduction in hours of employment.
- **Spouse or Dependent Child's Loss of Coverage.** If covered by the Surest Plan, a spouse or dependent child has the right to elect continuation coverage if he or she loses coverage under the Surest Plan due to any of the following:
  - The employee's termination of employment (other than for gross misconduct) or a reduction in hours of employment.
  - The employee's death.
  - The employee's entitlement to (actual coverage under) Medicare.
  - The spouse or child ceasing to be a dependent under the terms of the Surest Plan.

Participant's Responsibility to Notify

In certain circumstances, you are required to provide notification to the Plan Administrator to protect your rights under COBRA. These circumstances are:

- **Notice of Qualifying Event.** Under the law, the Participant (or a representative acting on behalf of the Participant) has the responsibility to inform the Plan Administrator of a spouse or child losing dependent status under the Surest Plan within 60 days of the latest of:
  - The date of the qualifying event.
  - The date coverage would be lost because of the qualifying event.
  - The date on which the qualified beneficiary was informed of the responsibility to provide the notice and the procedures for doing so.

  The notice must be provided in writing and be mailed to the Plan Administrator at the address identified below. Oral notice by telephone is not acceptable. Electronic (including emailed or faxed) or hand-delivered notices are not acceptable. Your notice must be postmarked no later than the last day of the 60-day notice period described above. The notice must:
  - State the name of the Surest Plan.
  - State the name and address for the employee or former employee who is or was covered under the Surest Plan.
  - State the name(s) and address(es) of all qualified beneficiaries who lost coverage due to the qualifying event.
  - Include a detailed description of the event.
  - Identify the Effective Date of the event.

- Be accompanied by any documentation providing proof of the event (e.g., a death certificate).

If the required notification is not received within the required time period, no continuation coverage will be provided. If the notification is incomplete, it will be deemed timely if the Plan is able to determine the plan to which it applies, the identity of the employee and the qualified beneficiaries, the qualifying event, and the date on which the qualifying event occurred, provided that the missing information is provided within 30 days. If the missing information is not provided within that time, the notification will be ineffective, and no continuation coverage will be provided.

- **Notice of the Second Qualifying Event.** In addition, the Participant (or a representative acting on behalf of the Participant) must notify the Plan of the death of the employee or a spouse or dependent child ceasing to be eligible for coverage as a dependent under the Surest Plan, if that event occurs within the 18-month continuation period (or an extension of that period for disability or for pre-termination Medicare entitlement). The notification must be provided within 60 days after such a second qualifying event occurs for the qualified beneficiary to be entitled to an extension of the continuation period. The notification must be provided in writing and be mailed to the Plan at the address identified below. Oral notice, including notice by telephone, is not acceptable. Electronic (including emailed or faxed) or hand-delivered notices are not acceptable. Your notice must be postmarked no later than the last day of the 60-day notice period described above. The notification must:

  - State the name of the Surest Plan.
  - State the name and address for the employee or former employee who is or was covered under the Surest Plan.
  - State the name(s) and address(es) of all qualified beneficiaries who lost coverage due to the qualifying event and who are receiving COBRA coverage at the time of the notice.
  - Identify the nature and date of the initial qualifying event that entitled the qualified beneficiaries to COBRA coverage.
  - Include a detailed description of the event.
  - Identify the Effective Date of the event.
  - Be accompanied by any documentation providing proof of the event (e.g., divorce decree).

  If the required notification is not received within the required time period, no extension of the continuation coverage will be provided. If the notification is incomplete, it will be deemed timely if the Plan is able to determine the plan to which it applies, the identity of the employee and the qualified beneficiaries, the qualifying event, and the date on which the qualifying event occurred, provided that the missing information is provided within 30 days. If the missing information is not provided within that time, the notification will be ineffective, and no extension of the continuation period will be provided.

- **Notice of Disability.** The Participant (or a representative acting on behalf of the Participant) must notify the Plan Administrator when a qualified beneficiary has been determined to be disabled under the Social Security Act within 60 days of the latest of:

  - The date of the disability determination.
  - The date of the qualifying event.
  - The date coverage would be lost because of the qualifying event.
  - The date on which the qualified beneficiary was informed of the responsibility to provide the notice and the procedures for doing so.

  In addition, the notice must be provided before the end of the first 18 months of continuation coverage.

  The notice must be provided in writing and be mailed to the Plan Administrator at the address identified below. Oral notice, including notice by telephone, is not acceptable. Electronic (including emailed or faxed) or hand-delivered notices are not acceptable. Your notice must be postmarked no later than the last day of the 60-day notice period described above. The notification must:

  - State the name of the Surest Plan.
  - State the name and address of the Employee or former employee who is or was covered under the Surest Plan.
  - State the name(s) and address(es) of all qualified beneficiaries who lost coverage due to the initial qualifying event and who are receiving COBRA coverage at the time of the notice.
  - Identify the nature and date of the initial qualifying event that entitled the qualified beneficiaries to COBRA coverage.
  - State the name of the disabled qualified beneficiary.
  - Identify the date upon which the Social Security Administration made its determination of disability.
  - Include a copy of the determination of the Social Security Administration.

  If the required notification is not received within the required time period, no extension of the continuation period will be provided. If the notification is incomplete, it will be deemed timely if the Plan is able to determine the Plan to which it applies, the identity of the Employee and the qualified beneficiaries, the qualifying event, and the date on which the qualifying event occurred, provided that the missing information is provided within 30 days. If the missing information is not provided within that time, the notification will be ineffective, and no extension of the continuation period will be provided.

  If such person has been determined under the Social Security Act to no longer be disabled, the person must notify the Plan Administrator of that determination with 30 days or the later of:

  - The date of the termination.

- The date on which the qualified beneficiary was informed of the responsibility to provide the notice and the procedures for doing so.

The notice must be in writing and be mailed to the Plan Administrator at the address identified below. Regardless of when the notification is provided, continuation coverage will terminate retroactively on the first day of the month that begins 30 days after the date of the determination, or the end of the initial coverage period, if later. If you do not provide the notification within the required time, the Surest Plan reserves the right to seek reimbursement of any Benefits provided by the Surest Plan between the date coverage terminates and the date the notification is provided.

Failure to provide timely and complete notice ends the right to COBRA continuation coverage.

Election Rights

When a qualifying event occurs, or when the Plan Administrator is notified that a qualifying event has occurred in the case of those events in which the employee has an obligation to provide notice, the Plan Administrator must notify the qualified beneficiaries of the right to elect continuation coverage. Qualified beneficiaries have 60 days to elect continuation coverage measured from the later of:

- The date coverage would be lost because of a qualifying event.
- The date a notice of election rights is provided.

An election is considered made on the date sent. If continuation coverage is elected within this period, the coverage is retroactive to the date coverage would otherwise have been lost. If continuation coverage is not elected within this period, coverage under the Surest Plan ends.

Each qualified beneficiary has an independent right to elect continuation coverage. Employees may elect continuation coverage on behalf of all qualified beneficiaries, and parents may elect continuation coverage on behalf of their children. Furthermore, other third persons can elect continuation coverage on behalf of a qualified beneficiary.

Qualified beneficiaries are allowed to maintain continuation coverage as follows:

- **18 months.** If the qualifying event is the employee’s termination of employment (other than for gross misconduct) or a reduction in hours of employment, the continuation period is 18 months measured from the date coverage would otherwise be lost because of the qualifying event.
- **Disability Extension.** For qualified beneficiaries receiving continuation coverage because of the employee’s termination or reduction in hours, the continuation period may be extended 11 months, for a total maximum of 29 months, where a qualified beneficiary receives a determination under the Social Security Act that at the time of the

employee's termination of employment or reduction of hours, or within 60 days of the start of the 18-month continuation period, the qualified beneficiary was disabled. The extension is available to all qualified beneficiaries in the family group.

- **Pre-Qualifying Event Medicare Extension.** The 18-month continuation period may be extended if the employee became entitled to (actually covered under) Medicare prior to the employee's termination of employment (other than for gross misconduct) or a reduction in hours. Qualified beneficiaries other than the employee are entitled to the greater of:
  - 18 months measured from the qualifying event.
  - 36 months measured from the date of the employee's Medicare entitlement.
- **36 months.** For qualifying events other than termination of employment (other than for gross misconduct) or a reduction in hours, the continuation period is 36 months measured from the date coverage would otherwise be lost because of the qualifying event.
- **Second Qualifying Events.** If during the initial 18-month continuation period (or during an extension of that period for disability or for pre-termination Medicare entitlement) a second qualifying event occurs (e.g., death of employee, loss of dependent status) that would have caused the qualified beneficiary to lose coverage under the Surest Plan had the first qualifying event not occurred, the continuation period for the particular qualified beneficiaries affected by the second qualifying event may be extended to 36 months.

Under no circumstances may the total continuation period be greater than 36 months from the date coverage would otherwise be lost because of the original qualifying event that triggered the continuation coverage.

Type of Coverage

Initially, continuation coverage will be the same coverage as immediately preceding the qualifying event. Thereafter, continuation coverage must be identical to the coverage provided to similarly situated employees and dependents that have not experienced a qualifying event. Qualified beneficiaries who have elected COBRA will be given the same opportunity available to similarly situated active employees to change their coverage options or to add or eliminate coverage for dependents at Annual Enrollment. In addition, Special Enrollment Rights under HIPAA will apply to those who have elected COBRA.

Under the law, a person electing continuation coverage may be required to pay all or part of the cost of continuation coverage. You will receive additional information regarding the cost requirements following the occurrence of a qualifying event. The amount charged cannot exceed 102% of the cost to the plan providing the coverage. The amount charged may be increased to 150% for the months after the 18th month of continuation coverage when the additional months are due to a disability under the Social Security Act. Payment is generally due monthly. Payment is considered "made" on the postmark date.

The law provides that continuation coverage shall automatically end before the end of the maximum continuation period for any of the following reasons:

- The employer no longer provides group health coverage to any of its employees.
- The premium for continuation coverage is not paid on time (including any applicable waiting period).
- After electing COBRA, the qualified beneficiary becomes covered under another group plan (as an employee or otherwise) that has no exclusion or limitation with respect to any preexisting condition of the qualified beneficiary.
- After electing COBRA coverage, the qualified beneficiary becomes entitled to (actually covered under) Medicare.

The Participant (or a representative acting on behalf of the Participant) must notify the Plan Administrator immediately if any qualified beneficiary actually becomes covered by another group health plan or Medicare. Regardless of when such notification is provided, coverage will terminate on the date of the coverage under the other group health plan or Medicare. If, for whatever reason, a qualified beneficiary receives any Benefits under the Surest Plan after coverage is to cease under these rules, the Surest Plan reserves the right to seek reimbursement from the qualified beneficiary.

Insurability and Conversion. A qualified beneficiary does not have to demonstrate insurability to elect continuation coverage. At the conclusion of the available continuation coverage, the Plan Administrator will provide an opportunity to convert to individual coverage if such coverage is offered under the Surest Plan.

Address Changes. Important information is distributed by mail. To protect your rights and the rights of your family, if a qualified beneficiary's address changes, the qualified beneficiary or someone on his/her behalf should notify the Plan Administrator immediately.

Other Coverage Options. Instead of enrolling in COBRA continuation coverage, there may be other coverage options through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at healthcare.gov.

More Information. You should contact the Plan Administrator with any questions about COBRA continuation coverage. Also, for more information about COBRA, HIPAA, and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit the EBSA website dol.gov/ebsa. (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.)

Continuation Rights under Uniformed Services Employment and Reemployment Rights Act (USERRA)

Although USERRA protections look similar to COBRA protections, USERRA rights are separate and independent from COBRA rights.

In addition to COBRA rights, a Participant may be entitled to continue coverage under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA). USERRA requires your employer to offer employees and their spouse and/or dependent children the opportunity to pay for a temporary extension of health coverage (called “USERRA continuation coverage”) at group rates where health coverage under employer-sponsored group health plan(s) would otherwise end because of the employee’s service in the uniformed services (e.g., for service in the military).

This section is intended to inform Participants, in summary fashion, of their rights and obligations under the continuation coverage provision of USERRA. It is intended that no greater rights be provided than those required by this law. It does not fully describe your USERRA continuation coverage rights. For additional information about your rights and obligations under the Surest Plan and under federal law, you should contact the Plan Administrator.

Service Leave Event. If covered under the Surest Plan, the employee has the right to elect USERRA continuation coverage for him/herself, his/her spouse, and his/her dependents if they lose coverage under the Surest Plan due to an absence from employment for service in the uniformed services (a “service leave”).

Service in the Uniformed Services. Service in the uniformed services generally means the voluntary or involuntary performance of duties in the uniformed services. The uniformed services include the Armed Forces, the Army National Guard and the Air National Guard when engaged in active duty for training, inactive duty for training, or full-time National Guard duty, the corps of the Public Health Service, and the National Disaster Medical System when providing services as an intermittent disaster response appointee following federal activation or attending authorized training in support of its mission.

Election Rights. You have 60 days to elect USERRA continuation coverage, measured from the date your absence from employment for the purpose of performing service begins. An election is considered made on the postmark date. If USERRA continuation coverage is elected within this period, the coverage is retroactive to the date coverage would otherwise have been lost. If USERRA continuation coverage is not elected within this period, coverage under the Surest Plan ends. However, if no election is made in a situation in which you are not required (in accordance with USERRA) to provide advance notice of your service (e.g., because such notice was impossible, unreasonable, or precluded by service necessity), your coverage will be reinstated on a retroactive basis upon your election to continue coverage (regardless of when it is received) and payment of all unpaid amounts due.

Unlike COBRA, USERRA does not give your spouse or dependent child(ren) an independent right to elect USERRA continuation coverage. Their coverage may be continued only if you elect USERRA continuation coverage.

Maximum Continuation Period. The law requires that you generally be allowed to maintain USERRA continuation coverage for a 24-month period beginning on the date of your absence from employment for the purpose of performing service begins.

Type of Coverage*.* Initially, the coverage will be the same coverage as immediately preceding your service leave. Thereafter, coverage will be the same as the coverage provided to similarly situated employees or dependents that are not on service leave.

Cost. A Participant electing USERRA continuation coverage may be required to pay all or part of the cost of USERRA continuation coverage. If you perform service in the uniformed services for fewer than 31 days, you will pay the same amount for the coverage that you normally pay. If your service exceeds 30 days, the amount charged cannot exceed 102% of the cost to the Plan providing the coverage. Payment is generally due monthly on the first day of the month. Payment is considered made on the postmarked date. You will be given a waiting period of 30 days within which to make the payment.

Termination of the Continuation Coverage. The USERRA continuation coverage may be terminated before the end of the maximum continuation period for any of the following reasons:

- The employer no longer provides group health coverage to any of its employees.
- The premium for USERRA continuation coverage is not paid on time (including the waiting period).
- Termination for cause under the generally applicable terms of the Surest Plan (e.g., submission of fraudulent benefit Claims).

10.2 Coordination of Benefits

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Surest Plan will be coordinated with those of any other plan that provides benefits to you. The language in this section is from model laws drafted by the *National Association of Insurance Commissioners (NAIC)* and represents standard industry practice for coordinating Benefits.

When Does Coordination of Benefits Apply?

This *Coordination of Benefits (COB)* provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The plan that pays first according to the rules will pay as if there were no other plan involved. The secondary and subsequent plans will pay the balance due up to 100% of the total Allowable Charge (defined below).

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits.

- **Primary Plan**. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses.
- **Secondary Plan**. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense. Allowable Expense is defined below.

Definitions

For purposes of this section, terms are defined as follows:

A. **Plan**. A Plan is any of the following that provides Benefits or services for medical, pharmacy, or dental care or treatment. If separate contracts are used to provide coordinated coverage for Participants of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.

1. Plan includes group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans, or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
2. Plan does not include hospital indemnity coverage insurance or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

B. **This Plan.** This Plan means, in a COB provision, the part of the contract providing the health care Benefits to which the COB provision applies, and which may be reduced because of the benefits of other Plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

C. **Order of Benefit Determination Rules**. The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its Benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its Benefits after those of another Plan and may reduce the Benefits it pays so that all Plan Benefits do not exceed 100% of the total Allowable Expense.

D. **Allowable Expense.** Allowable Expense is a health care expense, including deductibles, coinsurance, and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or according to contractual agreement is prohibited from charging a Participant is not an Allowable Expense.

The following are examples of expenses or services that are not Allowable Expenses:

1. The difference between the cost of a semi-private hospital room and a private room is not an Allowable Expense unless one of the Plans provides coverage for private hospital room expenses.
2. If a person is covered by two or more Plans that compute their benefit payments on the basis of Usual and Customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
4. If a person is covered by one Plan that calculates its benefits or services on the basis of Usual and Customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the Provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the Provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its Benefits.
5. The amount of any benefit reduction by the Primary Plan because a Participant has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, pre-certification of admissions, and preferred Provider arrangements.

E. **Closed Panel Plan.** Closed Panel Plan is a Plan that provides health care benefits to Participants primarily in the form of services through a panel of Providers that have

contracted with or are employed by the Plan, and that excludes benefits for services provided by other Providers, except in cases of Emergency or referral by a panel member.

F. **Custodial Parent.** Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year, excluding any temporary visitation.

What Are the Rules for Determining the Order of Benefit Payments?

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.

B. Except as provided in the next paragraph, a Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying Plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be in excess of any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

C. A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.

D. Each Plan determines its order of benefits using the first of the following rules that apply:

1. **Employee/Retiree or Dependent**. The Plan that covers the person as an employee, Participant, policyholder, subscriber, or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent and primary to the Plan covering the person as an employee, Participant, policyholder, subscriber, or a retired employee, then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, Participant, policyholder, subscriber, or retiree is the Secondary Plan and the other Plan is the Primary Plan.
2. **Dependent Child Covered Under More Than One Coverage Plan.** Unless there is a court decree stating otherwise, Plans covering a dependent child shall determine the order of benefits as follows:
    a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

(1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan.

(2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.

b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:

(1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's Plan is the Primary Plan. This shall not apply with respect to any Plan Year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.

(2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.

(3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.

(4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:

(a) The Plan covering the custodial parent.

(b) The Plan covering the custodial parent's spouse.

(c) The Plan covering the non-custodial parent.

(d) The Plan covering the non-custodial parent's spouse.

c) For a dependent child covered under more than one Plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.

d) (i) For a dependent child who has coverage under either or both parents' Plans and also has his or her own coverage as a dependent under a spouse's Plan, the rule in paragraph (5) applies.

(ii) In the event the dependent child's coverage under the spouse's Plan began on the same date as the dependent child's coverage under either or both parents' Plans, the order of benefits shall be determined by applying

the birthday rule in subparagraph (a) to the dependent child's parent(s) and the dependent's spouse.

3. **Active Employee or Retired or Laid-off Employee.** The Plan that covers a person as an active employee (i.e., an employee who is neither laid off nor retired), is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 2.d)(i) above can determine the order of benefits.

4. **COBRA or State Continuation Coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, Participant, subscriber, or retiree or covering the person as a dependent of an employee, Participant, subscriber, or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 2.d)(i) above can determine the order of benefits.

5. **Longer or Shorter Length of Coverage.** The Plan that covered the person the longer period of time is the Primary Plan, and the Plan that covered the person the shorter period of time is the Secondary Plan.

If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of This Plan

A. When This Plan is secondary, it may reduce its Benefits so that the total Benefits paid or provided by all Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any Claim, the Secondary Plan will calculate the Benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the Claim do not exceed the total Allowable Expense for that Claim. In addition, the Secondary Plan shall credit to its Plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

B. If a Participant is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel Provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

C. This Plan reduces its Benefits as described below for Participants who are eligible for Medicare when Medicare would be the Primary Plan.

Medicare benefits are determined as if the full amount that would have been payable under Medicare was actually paid under Medicare, even if:

- The person is entitled but not enrolled in Medicare. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.
- The person is enrolled in a Medicare Advantage (Medicare Part C) Plan and receives non-Covered Health Services because the person did not follow all rules of that Plan. Medicare benefits are determined as if the services were covered under Medicare Parts A and B.
- The person receives services from a Provider who has elected to opt-out of Medicare. Medicare benefits are determined as if the services were covered under Medicare Parts A and B and the Provider had agreed to limit charges to the amount of charges allowed under Medicare rules.
- The services are provided in any facility that is not eligible for Medicare reimbursements, including a Veterans Administration facility, facility of the Uniformed Services, or any other facility of the federal government. Medicare benefits are determined as if the services were provided by a facility that is eligible for reimbursement under Medicare.
- The person is enrolled under a Plan with a Medicare Medical Savings Account. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.

Important: If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under this coverage Plan), you should enroll for and maintain coverage under both Medicare Part A and Part B. If you do not enroll and maintain that coverage, and if we are secondary to Medicare, we will pay Benefits under this coverage Plan as if you were covered under both Medicare Part A and Part B. As a result, your out-of-pocket costs will be higher.

If you have not enrolled in Medicare, Benefits will be determined as if you timely enrolled in Medicare and obtained services from a Medicare participating Provider if either of the following applies:

- You are eligible for, but not enrolled in, Medicare and this coverage Plan is secondary to Medicare.
- You have enrolled in Medicare but choose to obtain services from a doctor that opts-out of the Medicare program.

When calculating this coverage Plan's Benefits in these situations for administrative convenience, we may, as we determine, treat the Provider’s billed charges, rather than the Medicare-approved amount or Medicare limiting charge, as the Allowable Expense for both This Plan and Medicare.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine Benefits payable under This Plan and other Plans. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining Benefits payable under This Plan and other Plans covering the person claiming Benefits.

We need not tell, or get the consent of, any person to do this. Each person claiming Benefits under This Plan must give us any facts we need to apply those rules and determine Benefits payable. If you do not provide us the information we need to apply these rules and determine the Benefits payable, your claim for Benefits may be denied.

Payments Made

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

Does This Plan Have the Right of Recovery?

If the amount of the payments we made is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for you. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

How Are Benefits Paid When This Plan is Secondary to Medicare?

If This Plan is secondary to Medicare, then Benefits payable under This Plan will be based on Medicare's reduced benefits.

10.3 Subrogation, Overpayment and Reimbursement

Subrogation and Refund

A Participant may incur medical expenses due to illness or injuries that may be caused by the act or omission of a Third Party. Also, a Third Party (such as an insurance company) may be responsible for payment on account of the actions of another person or entity. In such circumstances, the Participant may have a claim against the Third Party for payment of medical expenses. Accepting Benefits under the Plan/Surest Plan for those incurred medical expenses automatically assigns to the Plan/Surest Plan any rights the Participant may have to Recoveries from any Third Party up to the full amount of such Benefits. This Subrogation right allows the Plan/Surest Plan to pursue any claim that the Participant has against any Third Party, whether or not the Participant chooses to pursue that claim. The Plan/Surest Plan may make a claim directly against the Third Party, but in any event, the Plan/Surest Plan has an equitable lien on any amount of the Recovery of the Participant whether or not designated as payment for medical expenses. In addition, each Participant agrees to hold Recoveries in a

constructive trust for the benefit of the Plan/Surest Plan. The equitable lien and constructive trust shall remain in effect until the Plan/Surest Plan is repaid in full. In the event that the Participant(s) dies as a result of his or her injuries and a wrongful death or survivor claim is asserted against a Third Party, the Plan's/Surest Plan's Subrogation and Refund rights shall still apply.

Assignment of Interest and the Plan's/Surest Plan's Recovery Right

The Participant:

- Automatically assigns to the Plan/Surest Plan his or her rights against any Third Party when this provision applies.
- Must repay to the Plan/Surest Plan the Benefits paid on his or her behalf out of any Recovery.

Each Participant is individually obligated to comply with the provisions of this section. When a Participant receives or claims Plan/Surest Plan Benefits for an illness or injury caused by another, the Participant agrees to immediately reimburse the Plan/Surest Plan from any Recovery for Benefits paid out by the Plan/Surest Plan.

Make Whole and Common Fund Doctrines Inapplicable

The Plan/Surest Plan expressly disavows and repudiates the make whole doctrine, which, if applicable, would prevent the Plan/Surest Plan from receiving a Recovery unless a Participant has been "made whole" with regard to illness or injury that is the responsibility of a Third Party. The Plan/Surest Plan also expressly disavows and repudiates the common fund doctrine, which, if applicable, would require the Plan/Surest Plan to pay a portion of the attorney fees and costs expended in obtaining a Recovery. These doctrines have no application to the Plan/Surest Plan since the Plan's/Surest Plan's Refund rights apply to the first dollars payable by a Third Party.

Duty to Cooperate

Participants are required to cooperate with the Plan Administrator to effectuate the terms of this section. Specifically, it is the Participant's obligation at all times, both prior to and after payment of medical Benefits by the Plan/Surest Plan:

- To cooperate with the Plan/Surest Plan, or any representatives of the Plan/Surest Plan, in protecting the Plan's/Surest Plan's rights, including discovery, attending depositions, and/or cooperating at trial.
- Provide prompt notice to the Plan/Surest Plan when a claim is made against a party for illness or injury.
- To provide the Plan/Surest Plan with pertinent information regarding the illness, disease, disability, or injury, including accident reports, settlement information, and any other requested additional information.
- To take such action and execute such documents as the Plan/Surest Plan may require to facilitate enforcement of its Subrogation and reimbursement rights.
- To do nothing to prejudice the Plan's/Surest Plan's rights of Subrogation and Refund.

- To promptly reimburse the Plan/Surest Plan when a Recovery through settlement, judgment, award, or other payment is received.
- To not settle or release, without the prior consent of the Plan/Surest Plan, any claim to the extent that the Participant may have Recovery rights against any Third Party.

If the Participant and/or his or her attorney fails to reimburse the Plan/Surest Plan for all Benefits paid or to be paid from any Recovery, the Participant will be responsible for any and all expenses (including attorney fees and costs) associated with the Plan's/Surest Plan's attempt to Recover such money from the Participant or a Third Party.

Conditions Precedent to Coverage

The Plan/Surest Plan shall have no obligation whatsoever to pay medical Benefits to a Participant if a Participant refuses to cooperate with the Plan's/Surest Plan's Subrogation and Refund rights or refuses to execute and deliver such papers as the Plan/Surest Plan may require in furtherance of its Subrogation and Refund rights. Further, in the event the Participant is a minor, the Plan/Surest Plan shall have no obligation to pay any medical Benefits incurred on account of illness or injury caused by a Third Party until after the Participant or his or her authorized legal representative obtains valid court recognition and approval of the Plan's/Surest Plan's 100%, first-dollar Subrogation and Refund rights on all Recoveries, as well as approval for the execution of any papers necessary for the enforcement thereof, as described herein.

Other Coverage

When medical payments are available under other coverage, the Plan/Surest Plan shall always be considered secondary to such plans and/or policies. Other coverage shall include, but is not limited to:

- Any primary payer besides the Plan/Surest Plan.
- Any other group health plan.
- Any other coverage or policy covering the Participant.
- Any first-party insurance through medical payment coverage, personal injury protection, no-fault auto insurance coverage, uninsured or underinsured motorist coverage.
- Any policy of insurance from any insurance company or guarantor of a responsible party.
- Any policy of insurance from any insurance company or guarantor of a third party.
- Workers' compensation or other liability insurance company.
- Any other source Including crime victim restitution funds, any medical, disability or other benefit payments, and school insurance coverage.

Offset

Failure by a Participant and/or his/her attorney to comply with any of the requirements described in this section may, at the Plan's/Surest Plan's discretion, result in a forfeiture of payment by the Plan/Surest Plan of future medical Benefits, and any funds or Benefits

otherwise payable under the Plan/Surest Plan to or on behalf of the Participant may be withheld until the Participant satisfies his or her obligation.

Defined Terms

The following terms have special meanings for purposes of this section:

- "Recover," "Recovered," "Recovery" or "Recoveries" means all monies paid by a Third Party to, or on behalf of, a Participant by way of judgment, settlement, or otherwise to compensate for all losses caused by an illness or injury, whether or not said monies are characterized as medical expenses covered by the Plan/Surest Plan. "Recoveries" includes, but is not limited to, Recoveries for medical expenses, attorney's fees, costs and expenses, pain and suffering, loss of consortium, wrongful death, lost wages, and any other Recovery of any form of damages or compensation whatsoever.
- "Refund" means repayment to the Plan/Surest Plan for medical Benefits that the Plan/Surest Plan has paid toward care and treatment of an illness or injury suffered by a Participant as the result of acts or omissions of a Third Party. This right of Refund includes Recoveries by a Participant under an uninsured or underinsured motorist insurance policy, homeowner's policy, renter's policy, medical malpractice policy, or any liability insurance policy (each of which will be treated as Third Party coverage under this article).
- "Subrogation" means the Plan’s/Surest Plan's right to pursue and place a lien upon the Participant's claims for medical expenses against the other person.
- "Third Party" means any individual or entity (including an insurance company) who is legally obligated to pay a Recovery to, or on behalf of, a Participant.

Erroneous Payments

To the extent payments made by the Plan/Surest Plan with respect to a Participant are in excess of the maximum amount of payment necessary under the terms of the Plan/Surest Plan, the Plan/Surest Plan shall have the right to Recover such payments, to the extent of such excess from any one or more of the following sources, as the Plan/Surest Plan shall determine any person to or with respect to whom such payments are made, or such person’s legal representative, any insurance companies, or any other individuals or organizations which the Plan/Surest Plan determines are either responsible for payment or received payment in error, and any future Benefits payable to the Participant.

Excess Insurance

Except as otherwise provided under Section 11.2 (Coordination of Benefits) the following rule applies:

- If there is available, or potentially available, any coverage (including coverage resulting from a judgment at law or settlements), the Benefits under the Plan/Surest Plan shall apply only as an excess over such other sources of coverage, except as otherwise provided for under Section 11.2 (Coordination of Benefits).
- The Plan’s/Surest Plan’s Benefits shall be excess to:
  - The responsible party, its insurer, or any other sources on behalf of that party.

- Any first party insurance through medical payment coverage, personal injury protection, no-fault auto insurance coverage, uninsured or underinsured motorist coverage.
- Any policy of insurance from any insurance company or guarantor of a Third Party.
- Worker's compensation or other liability insurance company.
- Any other source, including crime victim restitution funds, any medical, disability or other benefit payments and school insurance coverage.

Separation of Funds

Benefits paid by the Plan/Surest Plan, funds Recovered by the Participant(s), and funds held in trust over which the Plan/Surest Plan has an equitable lien exist separately from the property and estate of the Participant(s), such that the death of the Participant(s) or filing of bankruptcy by the Participant(s), will not affect the Plan's/Surest Plan's equitable lien, the funds over which the Plan/Surest Plan has a lien, or the Plan's/Surest Plan's right to Subrogation and reimbursement.

Severability

In the event that any provision of this section is considered invalid or illegal for any reason, said invalidity or illegality shall not affect the remaining provisions of this section and the Plan/Surest Plan. The provision shall be fully severable. The Plan/Surest Plan shall be construed, and provisions enforced as if such invalid or illegal provision had never been inserted in the Plan/Surest Plan.

10.5 Other Information About Your Surest Plan

Conformity with Applicable Laws

It is intended that the Plan will conform to the requirements of any applicable federal, state, or local law, regulation, guidance, or the order or judgement of a court of competent jurisdiction, and this Plan will be deemed automatically amended to conform, including without limitation, in the event any law, regulation, guidance, or the order or judgement of a court of competent jurisdiction causes the Plan Administrator to pay claims that are otherwise limited or excluded under this Plan, such payments will be deemed to be in accordance with the terms of the Plan.

Non-Discrimination Policy

This Plan will not discriminate against any Participant based on race, color, religion, national origin, disability, gender, sexual orientation, or age. This Plan will not establish rules for eligibility based on health status, medical condition, Claims experience, receipt of health care, medical history, evidence of insurability, genetic information, or disability.

This Plan intends to be nondiscriminatory and to meet the requirements under applicable provisions of the Internal Revenue Code of 1986 (Code). If the Plan Administrator determines before or during any Plan Year that this Plan may fail to satisfy any nondiscrimination requirement imposed by the Code or any limitation on Benefits provided to highly compensated individuals, the Plan Administrator shall take such action as the Plan Administrator deems appropriate, under rules uniformly applicable to similarly situated covered employees, to ensure compliance with such requirements or limitation.

Mental Health Parity

Pursuant to the Mental Health Parity and Addiction Equity Act of 2008, this Plan applies its terms uniformly and enforces parity between covered health care Benefits and covered mental health and substance disorder Benefits relating to financial cost-sharing restrictions and treatment-duration limitations. For further details, please contact the Plan Administrator.

Newborns' and Mothers' Health Protection Act (NMHPA)

Group health plans and health insurance issuers generally may not, under federal law, restrict Benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a Provider obtain authorization from the Surest Plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Qualified Medical Child Support Order Procedures

The Surest Plan will provide Benefits as required by any qualified medical child support order (QMCSO), as defined in ERISA Section 609(a) or National Medical Support Notice. If the

Surest Plan receives a medical child support order for your child that instructs the Surest Plan to cover the child, the Plan Administrator will review it to determine that it meets the requirements for a QMCSO. If it determines that it does, your child will be enrolled in the Surest Plan as your dependent, and the Surest Plan will be required to pay Benefits as directed by the order.

You may obtain, without charge, a copy of the procedures governing QMCSOs from the Plan Administrator.

Women's Health and Cancer Rights Act of 1998 (WHCRA)

Your Surest Plan, as required by the Women's Health and Cancer Rights Act of 1998, provides Benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema.

Genetic Information Nondiscrimination Act of 2008 (GINA)

The Genetic Information Nondiscrimination Act of 2008 (Public Law No. 110-233) prohibits group health plans, issuers of individual health care policies, and employers from discriminating on the basis of genetic information. GINA expands on the provisions in the Health Insurance Portability and Accountability Act of 1996 (HIPAA) in a number of ways:

- Group health plans and health insurers cannot base health care premiums for plans or a group of similarly situated individuals on genetic information.
- Plans and insurers are prohibited from requesting or requiring an individual to undergo a genetic test.
- Plans and insurers are prohibited from collecting genetic information (including family history) prior to or in connection with enrollment, or for underwriting purposes.

Explanation of Benefits (EOB)	The EOB provides details about a Claim and explains what portion was paid to the Provider and what portion (if any) is the Participant's responsibility. The EOB is not a bill, it is a statement provided by the Claims Administrator to you, your Physician, or another health care professional that explains the Benefits provided (if any); the allowable reimbursement amounts; copayments; any other reductions taken; the net amount paid by the Surest Plan; and the reason(s) why the service or supply was not covered by the Surest Plan.

Note: Any podiatrist, dentist, psychologist, chiropractor, optometrist or other Provider who acts within the scope of his or her license will be considered on the same basis as a Physician. This includes nursing services provided on an inpatient or a home-care basis, whether the service is skilled or non-skilled independent nursing.
Provider	A health care professional, Physician, clinic, or facility licensed, certified, or otherwise qualified under applicable state law to provide health care services to you. The term “Provider” refers to an in-network Provider unless otherwise specified.

Recognized Amount	The amount which the copayment is based on for the below Covered Health Care Services when provided by out-of-network providers: • Out-of-network Emergency Health Care Services. • Non-Emergency Covered Health Care Services received at certain Network facilities by out-of-network Physicians, when such services are either Ancillary Services, or non-Ancillary Services that have not satisfied the notice and consent criteria of *section 2799B-2(d) of the Public Service Act*. Shared Savings Program	A program in which the network partner may obtain a discount to a non-network Provider's billed charges. This discount is usually based on a schedule previously agreed to by the non-network Provider. When this happens, you may experience lower out-of-pocket amounts. Surest Plan out-of-network copayments would still apply to the reduced charge. Sometimes the Surest Plan provisions or administrative practices conflict with the scheduled rate, and a different rate is determined by the network partner, such as: • A percentage of the published rates allowed by the *Centers for Medicare and Medicaid Services* (CMS) for the same or similar service within the geographic market. • An amount determined based on available data resources of competitive fees in that geographic area. • A fee schedule established by a third party vendor. • A negotiated rate with the Provider. In this case the non-network Provider may bill you for the difference between the billed amount and the rate determined by the network partner. If this happens you should call the number on your medical member ID Card. Shared Savings Program Providers are not network Providers and are not credentialed by the network partner.

Unproven / Unproven Services	Health services, including medications that are not determined to be effective for treatment of the medical condition or not determined to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature: • Well-conducted randomized controlled trials are two or more treatments compared to each other, with the patient not being allowed to choose which treatment isreceived. • Well-conducted cohort studies from more than one institution are studies in which patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group. Surest has a process by which it compiles and reviews clinical evidence with respect to certain health services. From time to time Surest issues medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can contact Surest Member Services for additional information. **Please note:** If you have a life-threatening illness or condition (one that is likely to cause death within one year of the request for treatment), Surest may, at its discretion, consider an otherwise Unproven service to be a Covered Health Service for that illness or condition. Prior to such a consideration, Surest must first establish that there is sufficient evidence to conclude that, albeit Unproven, the service has significant potential as an effective treatment for that illness or condition.
Usual and Customary	The amount allowed for a medical service in a geographic area based on what Providers in the area usually charge for the same or similar medical service. The Usual and Customary amount is used to determine the amount that may be charged by a Provider for the Benefits.
Utilization Management	Utilization Management processes are conducted by Surest to ensure that certain services are Medically Necessary. Utilization Management processes include clinical, medical, pre-service review (e.g., Prior Authorization), concurrent review (e.g., during a hospital stay), and post-service review (review of Claims to ensure services were Medically Necessary).
Virtual Visit	Virtual visits are Covered Health Services that include the diagnosis and treatment of medical and mental health conditions for Participants that can be appropriately managed virtually through the use of interactive audio and video telecommunication and transmissions, and audio-visual communication technology, or through federally compliant secure messaging applications with, or supervised by, a licensed and qualified practitioner. Virtual visits provide communication of medical information in real-time between the patient and a distant Physician or health care Specialist, through use of interactive audio and video communications equipment or through federally compliant secure messaging applications outside of a medical facility (for example, from home or from work). Virtual Visits may be with a Designated Virtual Provider or a non-Designated Virtual Provider. There are different Copays for a Designated Virtual Provider and a non-Designated Virtual Provider.
